**Federal Universal Service Programs
Fund Size Projections & Contribution Base
For Third Quarter 1998**

I. Introduction

The Universal Service Administrative Company (USAC) submits the Federal Universal Service Program fund size and administrative cost projections for the third quarter of calendar year 1998 and revisions to the contribution base amounts for the last six months of 1998, in accordance with section 54.709 of the Federal Communications Commission's (FCC or Commission) rules.¹ USAC is a not-for-profit corporation created under Subpart H of the Commission's Part 54 rules for interim administration of the federal High Cost and Low-Income Universal Service programs and for performance of billing, collection and distribution of funding for the Schools and Libraries and Rural Health Care Universal Service programs.²

Upon approval of the quarterly funding requirements for the High Cost and Low Income programs, the projected administrative expenses and the establishment of contribution factors for the programs by the Commission, USAC will bill contributors on a monthly basis for their individual requirements, collect the funds,³ and distribute funds to eligible recipients⁴ based on

¹ 47 C.F.R. § 54.709(a)(3).

² See 47 C.F.R. §§ 54.5 and 54.701.

³ 47 C.F.R. § 54.709(a)(4).

⁴ See 47 C.F.R. §§ 54.201 and 54.203.

the schedules filed herein.⁵

II. High Cost Programs

Subpart F of Commission's Part 36 rules and Subpart D of the Commission's Part 54 rules describe the universal service programs that are available for eligible telecommunications carriers serving high cost areas beginning January 1, 1998.⁶ These programs include the loop cost expense adjustment (USF), local switching support (DEM Weighting) and long term support (LTS). Together, the projected requirements for these three programs and the USAC administrative expenses, discussed *infra*, constitute the funding requirement for the High Cost programs.

USF Loop Cost Expense Adjustment

The National Exchange Carrier Association, Inc. (NECA), in accordance with Section 36.613 of the Commission's rules, submitted the results of its annual collection of loop cost data to the Commission and to the universal service program administrator.⁷

Subsequent to the NECA data submission, and the USAC October 31, 1997 filing of First Quarter 1998 Universal Service Fund Requirements⁸, the Commission rejected the formula on

⁵ See 47 C.F.R. §§ 54.301-54.307, 54.407, 54.413, 54.515, 54.611.

⁶ 47 C.F.R. § 36.631 and 47 C.F.R. §§ 54.301-54.303.

⁸ Universal Service Administrative Company, Federal Universal Service Programs, Fund Size Projections & Contribution Base for First Quarter 1998 (filed Oct. 31, 1997) (October 31, 1997 Filing).

which the Average Schedule companies' USF support was calculated⁹ and in its Fourth Order on Reconsideration modified the limitation on Corporate Operations expenses that are reflected in the USF loop cost.¹⁰

NECA provided USAC with revised loop cost and expense adjustment data, based on the calendar year 1996 data submitted to NECA by the incumbent local exchange carriers on July 31, 1997, as adjusted to reflect the aforementioned changes. USAC included this data in its January 30, 1998 submission of support payment projections and funding requirements for the second quarter of 1998, and that data continues to be the basis for the USF component of the high cost funding requirement included herein.¹¹ The expense adjustment payments for 1998 continue to exceed the cap on USF¹² established in section 36.601(c).¹³ The USF expense adjustment cap methodology, limits payments for calendar year 1998 to, in aggregate, not exceed the level of payments for 1997 by more than the rate of growth in USF loops from 1995 to 1996. As a result,

¹³ 47 C.F.R. § 36.601(c).

USF expense adjustment payments for calendar year 1998 are projected to be \$826.5 million.¹⁴

Section 36.612 of the Commission's rules provides carriers with the option of submitting quarterly updates to the data submitted for the annual USF submission.¹⁵ NECA has informed USAC that on March 30, 1998, ninety-one local exchange carriers submitted quarterly updates containing loop cost information based on twelve months of data consisting of the final three months of 1996 and the initial nine months of 1997. As a result of the quarterly updates submitted and the fact that total expense adjustment funding requirements for 1998 exceed the cap, payments to each high cost exchange carrier will be adjusted to accommodate the quarterly updates, limitations resulting from Commission Waiver Orders and to insure that, in total, the funding does not exceed the cap.¹⁶

For the third quarter of 1998, the projected USF expense adjustment requirement is \$208.4 million. Appendix 1 contains projected monthly and total quarter projected payment levels by incumbent local exchange carrier study area for the third quarter of 1998, based on NECA's October 1, 1997 USF Data Submission adjusted to reflect the change in Average Schedule company formula, the modification to the Corporate Operations Expense limitation and the impact of quarterly updates submitted to NECA on September 30 and December 30, 1997, and March 30, 1998.

¹⁴ The USF cap methodology requires periodic updates to account for increases in prior calendar year payment amounts.

¹⁵ 47 C.F.R. § 36.612(a).

¹⁶ Although the rules governing quarterly updates are silent on the transfer of quarterly update results from NECA to the administrator, it is assumed the Commission intended for NECA to provide results of the quarterly update process to USAC for inclusion in the monthly support distribution process.

Local Switching Support

Beginning January 1, 1998, telephone company study areas having 50,000 or fewer access lines were eligible to receive support for local switching costs¹⁷ in lieu of Dial Equipment Minute (DEM) Weighting formerly included in interstate traffic sensitive switched access rates.

Local switching support is the product of a carrier's annual unseparated local switching revenue requirement multiplied by its local switching support factor. The local switching support factor is defined as the difference between the 1996 weighted interstate DEM factor and the 1996 unweighted DEM factor.

In the 4th Reconsideration Order the Commission clarified the definition of Unseparated Local Switching Revenue Requirement, and provided the methodology to be used to compute it.¹⁸ The 4th Reconsideration Order adopted the methodology NECA used to estimate the funding requirement for its Traffic Sensitive pool member companies.¹⁹ USAC's October 31, 1997 and January 30, 1998 filings relied on the methodologies that NECA developed for removing the DEM support from its traffic sensitive pool participants' rates. NECA utilized 1998 cost projections underlying its June 16, 1997 access tariff filing as the basis for developing its pool members' local switching support requirements for the 1997-1998 test period. In the instant filing, USAC continues to rely on data provided by NECA for its traffic sensitive pool participants' local switching support calculation. NECA has provided revised local switching support amounts for

¹⁷ In addition to the eligibility criteria set forth in 47 C.F.R. § 54.201, exchange carrier study areas must also serve fewer than 50,000 lines to receive local switching support. *See* 47 C.F.R. § 54.301.

¹⁸ 4th Reconsideration Order at ¶ 49.

¹⁹ *Id.*

its pool participants that reflect the 1998 cost projections that will underlie its June 16, 1998 access tariff filing for the 1998-1999 test period, thereby providing a more current view of the local switching support requirement.²⁰ There are 1,083 study areas in the NECA Traffic Sensitive pool that are eligible to receive local switching support (*i.e.*, have fewer than 50,000 lines in their study areas). NECA calculated the unseparated local switching revenue requirement for its cost and average schedule traffic sensitive pool participants separately. In each case, the unseparated local switching revenue requirement was developed using the algorithm approach that assigns overheads to the switching category. Exhibits 1 and 2 display the algorithms that were used to develop the local switching revenue requirements for NECA's average schedule and cost company pool participants respectively.

The 4th Reconsideration Order directed USAC to develop a data request to collect information from the exchange carrier study areas that have fewer than 50,000 lines that do not participate in the NECA traffic sensitive pool.²¹ The data collection form was approved by the Office of Management and Budget on January 16, 1998 and distributed to the non-NECA Traffic Sensitive pool participant companies on January 20, 1998.²²

For the January 30, 1998 filing, data for these companies was not yet available, thus the previous estimates of local switching support were used. The instant filing includes local switching support requirements for the companies that exited the NECA Traffic Sensitive pool

²⁰ Section 54.301(e) of the Commission's rules requires NECA to make a true-up adjustment for a carrier's local switching support payment when the carrier submits historical data. 47 C.F.R. §54.301(e)

²¹ 4th Reconsideration Order at ¶ 49.

²² A copy of the data collection form and instructions are included as Exhibit 3.

prior to July 1, 1998 based on the results of the collection of individual company data. The 3Q98 funding requirement for these study areas, reflect the replacement of prior estimates, developed based on the average per line support levels for the NECA pool participants with individual company data.²³

NECA's projection of local switching support amounts being removed from its traffic sensitive pool participants' access rates are \$196.8 million for cost study areas and \$99.1 million for average schedule study areas. Local switching support amounts of the non-NECA traffic sensitive pool study areas' are \$93.5 million for cost study areas and \$9.2 million for average schedule study areas.²⁴ Based on these revised estimates, total 1998 local switching support is estimated to be \$398.7 million. USAC projects that one-quarter of this amount, or \$99.7 million will be required for 3Q98. Individual study area local switching support projections per month are displayed in Appendix 2.

Because the local switching support is based on projections of 1998 switching costs, actual individual study area requirements will not be known until the 1998 cost studies are completed for those carriers, sometime in late 1999. The Commission's rules specify that true-ups to the local

²³ NECA informed USAC that nine exchange carrier study areas were leaving its Traffic Sensitive pool effective July 1, 1998. Of the exiting study areas, six qualify for Local Switching Support. NECA provided local switching support information for each of these companies based on cost projections utilized in its 1997 access tariff filing. USAC is currently working with these companies to obtain updated cost information for use in updating their local switching support.

²⁴ Of these amounts \$1.6 million for cost companies and \$1.1 million for average schedule companies are attributable to companies that have elected to exit NECA's traffic sensitive tariff as of July 1, 1998.

switching support will be made to reflect actual 1998 switching costs.²⁵

Long Term Support

Beginning January 1, 1998, telephone company study areas that participate in NECA's Common Line pool are eligible to receive long term support from the federal high cost support programs.²⁶

The amount of long term support that an incumbent local exchange carrier that participates in NECA's Common Line pool is eligible to receive is equal to the difference between the 1997 projected common line revenue requirement of that carrier and the 1997 projected revenue to be recovered by the application of the NECA Carrier Common Line charge to that carrier's common line minutes of use. For 1998 long term support, the 1997 level of support is multiplied by the rate of growth in the national average cost per loop filed by NECA on October 1, 1997.²⁷

The quarterly long term support requirements included in the October 30, 1997 and January 30, 1998 requirements were based on 1997 common line cost projections utilized by NECA in its June 16, 1997 access tariff filing as the basis for developing its pool members' initial long term support requirements. For the instant filing, NECA has provided USAC with revised Long Term Support levels based on the most current projection of 1997 common line cost data

²⁵ 47 C.F.R. § 54.301(e)(2)(iv) (“[t]he Administrator shall adjust each carrier’s local switching support payment by the difference calculated in paragraph (e)(2)(iii) of this section no later than 15 months after the end of the calendar year for which historical data are submitted.”)

²⁶ 47 C.F.R. § 54.303.

²⁷ See USF Data Submission at 6. The national average cost per loop for 1996 decreased by .44 percent from the 1995 level.

it will utilize in support of its June 16, 1998 Common Line rate filing.²⁸ NECA provided USAC with individual exchange carrier study area projected long term support requirements for its common line pool participants for 1998. Using year-end 1996 USF loop counts, USAC developed individual study area per-line per-month long term support amounts. Monthly and third-quarter study area specific Long Term Support levels are displayed in Appendix 3. Total 1998 Long Term Support is estimated to be \$472.8 million. USAC projects that one-quarter of this amount, or \$118.2 million, will be required for third quarter 1998.

Appendix 4 contains individual company loop data as well as per-month high cost support for each program that each of the incumbent local exchange carrier will be eligible to receive and the combined total support per-month for all of the High Cost programs.²⁹

III. Low Income Programs

As a requirement for eligibility for receipt of support, carriers must offer Lifeline programs to qualified low-income consumers. Carriers that provide such programs in accordance with section 54 Subpart E of the Commission's rules and have met the other conditions of eligible carrier status (*i.e.*, have been designated as an eligible telecommunications service provider and have provided a copy of the state public utilities commission document making that designation) are entitled to receive funding from the federal Universal Service programs for waiver of charges

²⁸ The 1998 long term support amounts are predicated on projections of 1997 requirements, with actual costs and revenues not being known until the final 1997 cost studies are complete, late in 1998.

²⁹ Appendices 1 through 4 are also being provided electronically in Excel 4.0 format.

and reduced rates provided to qualified low-income subscribers.³⁰

Specifically, the federal Lifeline program provides funding from the interstate jurisdiction of up to \$7.00 per low-income subscriber per month consisting of a baseline amount of \$3.50, an additional \$1.75 per subscriber per month if the state commission authorizes a reduction in local rates equal to that amount, and up to an additional \$1.75 from the federal program if the state provides support for the low-income subscriber as well (the portion of the final \$1.75 that can be recovered is equal to one-half of a state funded amount up to \$3.50, if the state approves a reduction in local rates that is one and one-half times the level of matching state support).³¹

The federal Link-up program compensates eligible telecommunications service providers for revenue foregone in offering a Link-up program that provides for service commencement charges for qualified low-income individuals that are discounted by one-half (up to \$30.00 in funding) or for interest forgone from a deferred schedule of payment of the charges assessed for commencing service (up to \$200.00) for which the low income consumer pays no interest.

Additionally, the federal program compensates eligible telecommunications service providers for providing voluntary toll-limitation based on the carrier's incremental cost of providing toll-limitation services. The Commission defined these costs as the costs that carriers

³⁰ 47 C.F.R. §§ 54.401-54.417. Exhibit 4 lists the carriers (by state) that have received Eligible Telecommunications Carrier status.

³¹ For example, if a carrier operating in a state that has a matching program that provides \$3.50 in support through a matching program, reduces its intrastate rates by \$7.00 for low-income customers, the customer would experience a total monthly rate reduction of \$10.50 (\$3.50 in interstate charges and \$7.00 in intrastate charges) of which \$7.00 would be funded from the federal jurisdiction and \$3.50 from the state matching program.

otherwise would not incur if they did not provide toll-limitation service to a given customer.³²

In its 4th Reconsideration Order, the Commission established that eligible carriers, required to assess Presubscribed Interexchange Carrier Charges (PICCs) in their access charges, may also receive compensation for the PICCs associated with low-income subscribers that voluntarily opted for toll blocking service.³³

The Commission's Second Order on Reconsideration in CC Docket 96-45 requires USAC's High Cost and Low Income Committee to determine its quarterly demand projections for the Low Income programs based on historic demand.³⁴ On December 16, 1997, the Commission in establishing the final contribution factors for the first quarter of 1998 established a projected annual funding requirement for the Low-Income program of \$500 million, and limited first quarter funding to \$125 million.³⁵ As USAC had yet to receive any claims for low-income reimbursement, it relied on the Commission's forecast for the second quarter funding requirement as well.³⁶ USAC requested an additional \$125 million in funding for the low-income programs for the second quarter of 1998 based on the Commission's estimated 1998 funding requirements.

³² Federal-State Joint Board on Universal Service, *Report and Order*, 12 FCC Rcd 8776 (1997) at ¶ 386 (Universal Service Order).

³³ See 4th Reconsideration Order at ¶¶ 123-125. Competitive Local Exchange Carriers designated ETCs to serve customers in these carriers' serving areas are also eligible to receive this compensation for their low income customers that opt for toll blocking. *Id.* at ¶ 125.

³⁴ Changes to the Board of Directors of the National Exchange Carrier Association, Inc., and Federal-State Board on Universal Service, *Report and Order and Second Order on Reconsideration*, 12 FCC Rcd 18400, ¶ 46 (1997) (2d Reconsideration Order).

³⁵ *Public Notice*, 1st Quarter 1998 Universal Service Contribution Factors Revised and Approved, CC Docket No. 96-45, 12 FCC Rcd 21881, 21883 (1997).

³⁶ October 31, 1997 Filing at 11-12 and n. 34.

As anticipated in its January 30, 1998 filing, USAC began receiving initial claims for January 1998 Low-Income program reimbursement in late February. Based on that information, and claims for reimbursement for February received in March 1998, preliminary historical data indicates that a funding requirement equal to one quarter of the Commission's December 1997 estimate may be insufficient to meet program funding requirements for third quarter.

Eligible telecommunications carriers submitted claims for reimbursement for the low income programs of \$28.5 million for January 1998. These carriers' lines represent 69.1 percent of the industry total lines. A reimbursement amount of \$36.2 million was requested for the month of February 1998. Carriers submitting claims for February 1998 represent 89.0 percent of the total industry lines. Because all eligible telecommunications carriers are required to provide the low income programs to qualified low income customers, and the processing of claims for reimbursement provide the carriers the option of submitting the claims on a monthly, quarterly, or semi-annual basis, the claims for January and February are expected to increase.³⁷

Although the January and February results are not yet finalized, the data indicates full participation of all carriers may result in the annual requirement exceeding the Commission's \$500 million annual projection for the low income program. Grossing up the January and February claims to 100 percent participation results in an annual support requirement of approximately \$492 million to fund the lifeline and link-up components of the program. It is anticipated that the toll limitation and PICC components will add an additional requirement of approximately \$12 million, resulting in an annual requirement of \$504 million. For third quarter 1998, USAC is projecting

³⁷ Carriers also have six months to finalize their most recent submission of data under the USAC reimbursement procedures.

a funding requirement of \$126 million to fund the programs.

Appendix 5 provides detail on the low-income programs available in each of the states. Appendix 6 provides detail on company specific claims for reimbursement from the low income programs for first quarter 1998.

IV. Administrative Expenses

Section 69.620 (b) of the Commission's rules require the administrator to submit to the Commission its projected quarterly budget at least 60 days prior to the start of the quarter.³⁸ In its 2d Reconsideration Order (adopted July 17, 1997), the Commission determined that USAC should not allocate all of its administrative costs to the high cost and low-income programs' quarterly cost projections.³⁹ The Commission directed USAC to include any costs that can be directly attributed to the schools and libraries or rural health care programs in the projected administrative expenses of the relevant programs.⁴⁰ USAC's joint and common costs associated with billing and collection of contributions or disbursement of funds are also to be identified. One-fourth of USAC's joint and common costs are to be included in the projected administrative expenses of the high cost, low-income, schools and libraries, and rural health care programs, respectively.⁴¹

³⁸ 47 C.F.R. § 69.620(b).

³⁹ 2d Reconsideration Order at ¶ 47.

⁴⁰ *Id.*

⁴¹ *Id.*

In its August 15, 1997 Order⁴² the Commission directed NECA to begin performing certain functions relative to the new Universal Service programs and established that NECA would receive reimbursement for administrative expenses associated with its performance of the incorporation and other start-up functions that had been assigned to it. The Commission concluded that NECA would be entitled to recover from the new universal service support mechanisms in 1998 all reasonable administrative costs, including interest on funds advanced for start-up activities, that NECA incurred in 1997 in performing the duties assigned to it by the July 17th and August 15th Orders.⁴³

USAC projects that it will incur expenses of \$139 thousand to administer the high cost programs during the third quarter of 1998. Additionally, USAC anticipates costs of \$180 thousand to administer the low income programs during the third quarter. The joint and common costs for the third quarter of 1998 total \$912 thousand, of which \$228 thousand is to be assigned to each of the programs (i.e., high cost, low income, schools and libraries, and rural health care).

In the Universal Service Order, the Commission directed NECA to continue performing certain functions relative to the Universal Service Fund (USF), *i.e.*, the collection and processing

⁴² Changes to the Board of Directors of the National Exchange Carrier Association, Inc., CC Docket No. 97-21, and Federal-State Board on Universal Service, CC Docket No. 96-45, *Order on Reconsideration, Second Report and Order, and Further Notice of Proposed Rulemaking*, 12 FCC Rcd 12444 (1997) (Governance Reconsideration Order).

⁴³ The Commission stated that USAC and the Corporations may contract with NECA for particular services when doing so would minimize administrative expenses or facilitate the prompt implementation of the support mechanisms. 2d Reconsideration Order at ¶ 74. In this August 15th Order, the Commission clarified that NECA also may receive compensation for services provided on behalf of USAC and the Corporations even before the establishment of those entities. Governance Reconsideration Order at ¶ 12.

of annual USF data as well as the optional quarterly updates to that data.⁴⁴ The Part 69 rules governing recovery of NECA expenses no longer permit recovery of expenses related to Universal Service in that there are no associated revenues.⁴⁵ NECA's projected third quarter expenses to perform these universal service programs-related functions are \$470 thousand and have been included in the third quarter 1998 requirement.

For third quarter of 1998, USAC projects interest income of approximately \$700 thousand for the high cost program and \$1.0 million for the low-income program. The projected interest income is being included as an offset to expenses for each of the programs.

Appendix 7 provides the detail of the expense projections for the high cost and low income programs. Third quarter 1998 projected expenses for the high cost programs are \$837 thousand, offset by projected interest income of \$700 thousand, providing a net addition to the funding requirement of \$137 thousand. Third quarter 1998 projected expenses for the low income programs are \$408 thousand offset by interest income of \$1.0 million, providing a net reduction to the low income funding requirement of \$592 thousand.

V. Funding Requirements

High Cost Programs

In addition to the projected requirements for the high cost programs for the third quarter of 1998, discussed *supra*, and the aforementioned projected expenses assigned to the high cost programs are carry-over requirements from the programs administered by NECA through the end

⁴⁴ See 47 C.F.R. §§ 36.611-36.613.

⁴⁵ See 47 C.F.R. § 69.603.

of 1997 and adjustments to projected 1Q98 support payments. A reduction in funding of \$0.7 million has been included in the 3Q98 requirement to true-up changes to existing requirements that have occurred since USAC last reported on changes to the NECA-administered program in its January 30, 1998 filing. This reduction in funding is required to account for differences between prior projections and actual assistance provided. Sections 36.631(e), 36.741(b) and 69.104(l) of the Commission's rules require NECA to make changes in the size of the projected revenue requirement to reflect adjustments based on actual dollar amounts compared to the forecast included in prior tariff rates.⁴⁶ Increases in the size of the funding requirement for the previous period are added to the projected USF requirements; decreases from the prior period are subtracted from the projected revenue requirements. Since NECA no longer has the capability to reflect these changes in future tariffs, the surplus is being deducted from the third quarter projection for the high cost programs.

First quarter 1998 results also contribute to an over-funded condition, for which the instant filing proposes to adjust future period requirements. The authorized funding requirement for the first quarter for the high cost program was \$434.1 million. As a result of changes to the funding base of interstate and international revenues, application of the authorized contribution factor of .0319 produced billing for the high cost program totaling \$438.7 million, or a surplus in excess of the authorized funding level of \$4.6 million. The surplus billed amount is offset by billing to three companies that are in bankruptcy proceedings totaling \$2.2 million resulting in a net billing

⁴⁶ Section 36.631(e) of the Commission's rules defines the resizing procedure for USF. Sections 36.741(b) and 69.104(l) of the Commission's rules define the resizing procedures for lifeline connection assistance and subscriber line charge waiver, respectively. *See* 47 C.F.R. §§ 36.631(e), 36.741(b) and 69.104(l).

surplus of \$2.4 million. In addition to the billing surplus, distributions for the high cost program were \$9.2 million less than originally anticipated as a result of changes to the Local Switching Support requirement for non-NECA Traffic Sensitive pool participants. This reduction in the funding requirement when added to the net billing surplus results in a proposed reduction to the third quarter funding requirement of \$12.3 million.

The total projected funding requirement for the high cost programs for the third quarter 1998 is \$414.2 million. Exhibit 5 details the individual components of the funding requirement for the third quarter of 1998.

Low-Income Programs

There is also a carry-over effect from the NECA-administered low income programs; however, unlike the high cost program, it is an additional funding requirement of \$0.1 million. Similar to the high cost program, the low-income program also experienced a surplus in 1Q98 USAC billings. The first quarter authorized funding requirement for the low income programs was \$125.3 million. USAC billed telecommunications service providers \$126.6 million for these programs. Based on the revised interstate and international revenue base, \$1.3 million more than the authorized level was billed. Adjusting this over-billing amount to account for the three bankrupt entities (\$0.5 million) results in a net over-funding of \$0.8 million. Because USAC has not yet received March 1998 reimbursement requests for the low income programs, and in anticipation of further claims being presented for January and February, USAC proposes no adjustment for support distributions at this time. The true-ups for the 1997 additional requirement and the 1Q98 excess billing reduces the 3Q98 funding required by \$0.7.

The total projected funding requirement for the low-income programs for the third quarter 1998 is \$124.7 million. Exhibit 5 details the individual components of the funding requirement for the quarter.

VI. Contribution Bases

USAC distributed over 4,000 forms (FCC Form 457) in mid-February 1998. Interstate telecommunications service providers were required to complete this form with revenue information for calendar year 1997 and return the forms to USAC by March 31, 1998. To date, USAC has received over 3,600 completed forms.⁴⁷

Funding bases for the third and fourth quarters are determined by subtracting the revenues reported for January through June 1997 (reported in September 1997) from the calendar year 1997 revenues reported on March 31, 1998.⁴⁸

Of the forms received, 132 were deemed to contain insufficient information for inclusion in the funding base. Additionally, USAC has yet to receive Form 457s from 568 telecommunications service providers that submitted forms in September 1997. For those carriers that either provided insufficient information or failed to submit a calendar year Form 457, USAC has included the revenues reported on their prior submission in establishing the preliminary third quarter funding bases for the support programs.⁴⁹

⁴⁷ In addition, USAC received certifications of *de minimis* status from 1,921 carriers.

⁴⁸ 2d Order on Reconsideration, Appendix C (FCC Form 457 - Universal Service Worksheet Instructions, II.B.), 12 FCC Rcd at 18502.

⁴⁹ January through June 1997 Revenues for carriers, either not yet filing a Form 457 or filing calendar year data that was either insufficient or unusable, total approximately \$17 Billion in total (continued...)

For the third quarter 1998 funding period the preliminary total end-user revenue base to be used in determining the contribution factor for the schools and libraries and rural health care programs is \$93.534 billion. The interstate and international end-user revenue base to be used in determining the contribution factor for the high cost and low-income programs is \$34.988 billion.⁵⁰

At its April 20, 1998 meeting, the High-Cost Low-Income Committee passed a resolution authorizing the third quarter 1998 high cost and low income program funding requirements described herein. The full USAC Board of Directors, by resolution, authorized the inclusion of the third quarter 1998 administrative expenses and the revised funding base.

Respectfully submitted,

UNIVERSAL SERVICE
ADMINISTRATIVE COMPANY

/s/ Edward R. English
Edward R. English
100 South Jefferson Road
Whippany, New Jersey 07981

Acting Secretary and Treasurer

May 1, 1998

⁴⁹ (...continued)

revenues or 18 percent of the total funding base projection for the third quarter. Carriers that have not provided their calendar year data have been contacted; however, as of the filing date have not provided the required submission.

⁵⁰ USAC has identified a decline in the interstate and international revenues based on data supplied for the second half of calendar year 1997. Preliminary review of the data indicates that while the interstate and international revenues for the industry declined by approximately \$750 million for the second half of 1997 compared to the first six months' revenues, the interstate and international revenues for the interexchange carriers declined by approximately \$1.45 billion, accounting for almost twice the total decline. Contacts have been initiated with the carriers exhibiting the largest declines to confirm the reported amounts.

Exhibit 1

EXHIBIT 1

Average Schedule Local Switching Support Formula

Support Payment = Support Fraction x Basic Settlement x Access Line Factor

For Study Areas With Minutes Per Line Less Than Or Equal To 350

Basic Settlement = (0.026844 x Access Minutes) + (790.83 x Exchanges)

For Study Areas With Minutes Per Line Greater Than 350 but Less Than or Equal to 700:

Basic Settlement = (0.026844 x 350 x Access Lines)

+ .020064 x [(Access Minutes - (350 x Access Lines))] x High Volume Access Line Multiplier
+ (790.83 x Exchanges)

For study areas with Minutes Per Line Greater than 700 but Less Than or Equal to 1300:

Basic Settlement = (\$0.026884 x 350 x Access Lines)

+ [.020064 x (700 - 350) x Access Lines

+ .0135 x [(Access Minutes - (700 x Access Lines))] x High Volume Access Line Multiplier
+ (790.83 x Exchanges)

For study areas with Minutes Per Line Greater than 1300:

Basic Settlement = (\$0.020000 x 350 x Access Lines)

+ [.020064 x (700 - 350) x Access Lines

+ .0135 x (1300 - 700) x Access Lines

+ .003827 x [(Access Minutes - (1300 x Access Lines))] x High Volume Access Line

Multiplier

+ (790.83 x Exchanges)

Access Line Factor

For Study Areas with Access Lines less than 10,000

Access Line Factor = 1.903508 - (0.0000903508 x Access Lines)

For Study Areas with Access Lines greater than or equal to 10,000

Access Line Factor = 1.0

High Volume Access Line Multiplier = (800 / Access Lines)

Support Fraction

0.545910 If Access Minutes Per Line greater than 350 and access lines less than 50,000
0.437034 If Access Lines less than or equal to 10,000
0.403672 If Access lines greater than 10,000 and less than or equal to 20,000
0.000000 If Access lines greater than 20,000 and less than 50,000
0.517253 If Access lines greater than or equal to 50,000

Ave. Burden Estimate per Respondent: 24 Hours

NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the universal service support mechanism. Each incumbent local exchange carrier that is not a member of the NECA Traffic Sensitive tariff, that has been designated an eligible telecommunications carrier, and that serves a study area with 50,000 or fewer access lines shall, for each study area, provide the Administrator with the projected total unseparated dollar amount assigned to each account in 47 C.F.R. section 54.301(b). This data collected here will be used by the Universal Service Administrative Corporation (USAC) to calculate each carrier's local switching support, consistent with section 54.301 of the Commission's rules. Your response is mandatory.

We have estimated that each response to this collection of information will take, on average, 24 hours for each respondent. Our estimate includes the time to read this data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0785). We will also accept your comments on the burden estimate via the Internet if you send them to jboley@fcc.gov. Please **DO NOT SEND** the data requested to this e-mail address.

You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0814.

This notice is required by the Privacy Act of 1974, P.L. 93-579, December 31, 1974, 5 U.S.C. § 552a(e)(3) and the Paperwork Reduction Act of 1995, P.L. 104-13, October 1, 1995, 44 U.S.C. § 3507.

INSTRUCTIONS FOR COMPLETING THE WORKSHEET

Purpose-

The data requested herein provides the basis for determining the Local Switching Support amount for 1998 in accordance with 47 C.F.R. §54.301(3)(b)-(d). This section of the rules states that the Local Switching Support for 1998 will equal the difference between the weighted and unweighted 1996 Dial Equipment Minutes (DEM) factor multiplied by the carriers unseparated local switching revenue requirement.

General Instructions-

Please enter the six digit NECA Study Area Code on Data Line (010), the Study Area Name on Data Line (020), Data Period on Data Line (023), Submission Period on Data Line (025), Contact

**Local Switching Support
Instructions for 1998 Support Calculation**

Name on Data Line (030) and Contact Telephone Number Data Line (040). Beginning with Data Line (060), enter the projected amounts for the 12-month period ending December 31, 1998, in the spaces provided.

A mechanized Local Switching Support Calculation System will not be available for direct, online use in entry of your company's data. The data collection form is being provided in paper format as well as on diskette in both Lotus 123 and Excel formats. The diskette versions will automatically calculate your Local Switching Support for you using the FCC approved methodology. **Please return the completed form(s) by February 13, 1998 to:**

**Manager- High Cost Programs
USAC
100 South Jefferson Road
Whippany, NJ 07981**

In addition to the submission of the data, completion of a Certification statement, included as the last page of the Data Form, is required. It must be signed by the officer or employee responsible for the overall preparation of the data submission. The certification should be included with your data submission.

Each line on the Data Collection Form includes a Data Line reference number; a description of the information being requested; a duplicate Data Line reference number; an Enter 1998 Amount space

Example:

<u>Data Line</u>	<u>Description</u>	<u>Data Line</u>	<u>Enter 1998 Amount</u>
(110)	Account 2210 - Central Office Switching Equipment	(110)	_____

The Data Line descriptions included in these Instructions follow a similar format. DATA LINE numbers and descriptions are given followed by a brief explanation of the type and often the possible source of the data to be entered. Reference to applicable parts of FCC rules are provided in brackets.

Example:

<u>Data Line</u>	<u>Description</u>	<u>Explanation</u>
(110)	Account 2210 - Central Office Switching Equipment [Part 32.2210]	

Please contact USAC at (973) 884-8085 with any questions regarding the Data Collection Form or these Instructions.

**Local Switching Support
Instructions for 1998 Support Calculation**

DATA REQUIREMENTS

Data required for this submission must be projected unseparated regulated amounts, i.e., state and interstate, as of the end-of-period for calendar year 1998 and must be in accordance with FCC Rules. Revisions will be required when finalized actual data is available.

Data must be representative of the regulated telephone operations only, as authorized by the FCC, for the 12-month Data Collection Period for which it is being submitted (i.e., calendar year 1998 projection). Investment, expenses, taxes, benefits and rents, etc., associated with non-regulated operations and costs associated with plant leased to other entities must be excluded. The non-regulated portion of accounts used for both regulated and non-regulated activity, e.g., motor vehicles, plant maintenance, benefits and rents, etc., must be excluded.

Calendar year 1996 cost study must be used for developing weighted and unweighted DEM factors for Local Switching Support purposes.

RECONCILIATION REQUIREMENTS

The FCC and the Administrator will require additional information reconciling the projected data provided herein to corresponding financial data when it becomes available (i.e., finalized financial records, ARMIS reports, etc.) for all study areas receiving Local Switching Support. This information must be provided within 12 months of the end of the data period, but not later than December 31, 1999.

This reconciliation is intended to ensure that support amounts provided by the Universal Service programs are consistent with the actual support requirements of the carriers.

**Local Switching Support
Instructions for 1998 Support Calculation**

I. EXCHANGE CARRIER/DATA IDENTIFICATION

These Data Lines contain pre-printed information about your company and the Data Period. Please verify and correct if necessary.

- (010) Exchange Carrier Study Area Code.
- (020) Exchange Carrier Study Area Name
- (023) Data Period: For 1998 Local Switching Support, enter 1998
- (025) Submission Period: Check the appropriate Box (i.e., Original Projection if this is projected data or True-up to Actual if the submission is being made to report actual results for a prior period Local Switching Support amount.)
- (030) Contact Name: Person USAC should contact for questions about this data.
- (040) Contact Telephone Number: Number of the person identified in Data Line (030).
- (045) Tax Status: If company is subject to Federal Income taxes, indicate with a 'Y'. If company is a cooperative or other entity not subject to Federal Income Taxes indicate with an 'N'.

II. WORKING LOOPS & DIAL EQUIPMENT MINUTE FACTOR

Working loops reported for Local Switching Support computations must be as of December 31, 1996, i.e., the number reported on line 070 of NECA's 1997 Annual USF Data Collection. Do not use average number of loops from cost studies, access line counts, presubscribed line counts or estimates.

- (050) Category 1.3 Loops: Enter the count of Category 1.3 Loops excluding Category 1.3 TWX (Teletypewriter Exchange service) loops.
[Part 36.154 (a)]
- (060) 1996 Interstate Unweighted Dial Equipment Minute (DEM) Factor used in 1996 Cost Study
[Part 36.125(b)]
- (070) 1996 DEM Weighting Factor
[Part 36.125(f)]

VII. CERTIFICATION

This certification statement must be signed by the officer or employee responsible for the overall preparation of the data submission. (Ref. Part 54 of FCC Rules, 47 C.F.R. Section 54.707).

The completed certification statement must accompany the data submission.

CERTIFICATION

I am _____ I hereby certify that I have overall responsibility for
(Title of Certifying Officer or Employee)
the preparation of all data in the attached _____ data submission
(Title of Data Submission)
for _____ and that I am authorized to execute this certification. Based
(Name of Carrier)
on information known to me or provided to me by employees responsible for the preparation of
the data in this submission, I hereby certify that the data have been examined and reviewed and
are complete, accurate, and consistent with the rules of the Federal Communications Commission.

Date: _____

Certifying Signature: _____

Name: _____

Title: _____

Period Covered: January 1, 1998 to December 31, 1998

(FCC Rules state that persons making willful false statements in this data submission can be punished by fine or imprisonment under the provisions of the U.S. Code, Title 18, Section 1001.)
