**Federal Universal Service Programs
Fund Size Projections and Contribution Base
For the Second Quarter 1999**

I. Introduction

The Universal Service Administrative Company (USAC) submits the Federal Universal Service Program fund size and administrative cost projections for the second quarter of calendar year 1999 (2Q1999) and contribution base amounts for the first six months of 1998, in accordance with section 54.709 of the Federal Communications Commission's (FCC or Commission) rules.¹ USAC is a not-for-profit corporation that, effective January 1, 1999, is responsible for administering the universal service support mechanisms, including high cost, low-income, schools and libraries and rural health care programs.² USAC also performs billing, collection, and disbursement functions for all of these support mechanisms.

Upon approval of the quarterly funding requirements for the universal service programs, and the projected administrative expenses, the Commission will establish quarterly contribution factors for the programs. USAC will then bill contributors on a monthly basis for their individual

¹ 47 C.F.R. § 54.709(a)(3).

² Changes to the Board of Directors of the National Exchange Carrier Association, Inc., CC Docket No. 97-21, Federal-State Joint Board on Universal Service, CC Docket No. 96-45, *Third Report and Order in CC Docket No. 97-21, Fourth Order on Reconsideration in CC Docket No. 97-21 and Eighth Order on Reconsideration in CC Docket No. 96-45*, FCC 98-306, ¶ 1 (rel. Nov. 20, 1998). Pursuant to the Commission's direction, the Schools and Libraries Corporation (SLC) and the Rural Health Care Corporation (RHC) merged into USAC on January 1, 1999.

requirements based on the approved contribution factors, collect the funds,³ and distribute funds to eligible recipients⁴ based on the schedules filed herein.⁵

As a requirement for eligibility for receipt of universal service support funds from the High Cost, Low-Income and Rural Health Care programs, a telecommunications service provider must be designated as an eligible telecommunications carrier⁶ (ETC) and must provide to USAC a copy of the state public utilities commission document making that designation.

³ 47 C.F.R. § 54.709(a)(4).

⁴ 47 C.F.R. §§ 54.201 and 54.203.

⁵ 47 C.F.R. §§ 54.301-54.307, 54.407, 54.413, 54.515 and 54.611.

⁶ 47 C.F.R. §§ 54.201 and 54.203.

II. High Cost Programs

As a requirement for eligibility for receipt of high cost support a common carrier must be designated an Eligible Telecommunications Carriers (ETCs)⁷ by a state commission or the FCC. ETCs that provide such programs in accordance with Subpart F of Commission's Part 36 rules and Subpart D of the Commission's Part 54 rules are entitled to receive funding from the federal Universal Service high cost programs.⁸ These programs include the loop cost expense adjustment (USF), local switching support (LSS) and long term support (LTS). Together, the projected requirements for these three programs and the USAC administrative expenses, discussed *infra*, constitute the funding requirement for the High Cost programs. Appendix 1 contains individual company support per loop data as well as per-month high cost support for each program that each incumbent local exchange carrier and competitive eligible telecommunications carrier⁹ will be eligible to receive and the combined total support per-month for all of the High Cost programs.¹⁰

A. USF Loop Cost Expense Adjustment

The National Exchange Carrier Association, Inc. (NECA), in accordance with Section 36.613 of the Commission's rules,¹¹ submitted the results of its annual collection of loop cost data to the Commission and to USAC on October 1, 1998.¹² NECA provided USAC with loop cost and

⁷ 47 C.F.R. §§ 54.201. Exhibit 4 lists the carriers (by state) that have received Eligible Telecommunications Carrier status.

⁸ 47 C.F.R. § 36.631 and 47 C.F.R. §§ 54.301-54.303.

⁹ 47 C.F.R. § 54.307(a).

¹⁰ Appendices 1 through 5 are also being provided electronically in Excel 4.0 format.

¹¹ 47 C.F.R. § 36.613.

¹² Universal Service Fund (USF) 1998 Submission of 1997 Study Results, filed October 1, 1998 (USF Data Submission).

expense adjustment data¹³ based on calendar year 1997 data submitted to NECA by the incumbent local exchange carriers on July 31, 1998. Section 36.601(c) limits the growth in total USF expense adjustments to the current level of funding grown by the year-over-year growth in USF loops. The USF expense adjustment for calendar year 1999, in aggregate, exceeded the level of payments for 1998 by more than the rate of growth in USF loops from 1996 to 1997 of 4.45 percent. Therefore, the USF expense adjustment payments for calendar year 1999 are capped at a 4.45 percent increase over 1998 payments and are projected to be \$864.1 million.¹⁴

As the July 31, 1998, annual updates project total expense adjustment funding requirements for 1999 will exceed the cap, payments to each high cost exchange carrier will be adjusted to accommodate the annual update. Payments will also be adjusted for limitations resulting from Commission Waiver Orders and to insure that, in total, the funding does not exceed the cap.

For the second three months of 1999, the projected USF expense adjustment requirement is \$217.1million. Appendix 2 contains projected monthly and quarterly payment levels by local

¹³ On October 1, 1998, NECA proposed a revised USF expense adjustment formula to calculate USF expense adjustments for average schedule companies for calendar year 1999. The revised expense adjustment formula has not yet been approved by the FCC. In an Order on the proposed formula, the FCC stated it needed additional time to review data submitted by NECA in mid-December 1998. Until a decision is issued on the proposed modifications, the formula approved on June 29, 1998 will continue to be used. National Exchange Carrier Association, Inc., *Proposed Modifications to the 1998-99 Interstate Average Schedule Formulas*, ASD 98-96, DA 98-2587 (rel. Dec. 22, 1998), (*December 1998 Order*).

¹⁴ This increase for the second calendar quarter is largely due to the second voluntary update that commences payment in April. 47 C.F.R. § 36.612. To maintain the projected payments within the fund cap, the national average cost per loop is recalculated, resulting in lowered payments in the first calendar quarter and increased payments in the second, third and fourth calendar quarters. This process will be repeated in the next filing, where the first calendar quarter payments will be lowered again, the second calendar quarter payments will be lowered and the third and fourth calendar quarters will have increased payments due to the third voluntary update, which commences payment in July. Recognition of the change of projected payments to actual amounts occurs in the second filing after the projection was first provided. For example, the Jan-Mar projection from the USAC 1Q909 filing will be trued-up in the USAC 3Q1999 filing by including the change in the Prior Period Adjustments. Although the rules governing future quarterly updates are silent on the transfer of quarterly update results from NECA to USAC, USAC has included and proposes to include any updates provided by NECA in the monthly support distribution process.

exchange carrier study area for the second quarter of 1999, based on NECA's October 1, 1998, USF Data Submission and subsequent adjustments resulting from the second voluntary update submitted by 95 study areas, reconciliation of submitted data to underlying company financials and replacement of average schedule loop costs ordered by the Commission, which included the aforementioned cap on total funding.

B. Local Switching Support

Eligible Telephone Company study areas having 50,000 or fewer access lines are eligible to receive support for local switching costs¹⁵ in lieu of Dial Equipment Minute (DEM) Weighting formerly included in interstate traffic sensitive switched access rates.

Local Switching Support (LSS) is the product of a carrier's annual unseparated local switching revenue requirement multiplied by its local switching support factor. The local switching support factor is defined as the difference between the 1996 weighted interstate DEM factor and the 1996 unweighted DEM factor.

In the instant filing, USAC relied on data provided by NECA in establishing second quarter 1999 LSS funding requirements. NECA developed its 1999 cost projections underlying its June 16, 1998 access tariff filing based upon its pool members' local switching support requirements. There are 1,086 study areas in the NECA Traffic Sensitive pool that are eligible to receive LSS (*i.e.*, have 50,000 or fewer lines in their study areas). NECA calculated the unseparated local switching revenue requirement for its cost and average schedule traffic sensitive pool participants separately.¹⁶ In each

¹⁵ In addition to the eligibility criteria set forth in 47 C.F.R. § 54.201, exchange carrier study areas must also serve 50,000 or fewer lines to receive local switching support. 47 C.F.R. § 54.301.

¹⁶ The Commission approved NECA's proposed revisions to the formula used to calculate local switching support amounts for average schedule companies, effective January 1, 1999. *December 1998 Order* at ¶1.

case, the unseparated local switching revenue requirement was developed using the algorithm approach that assigns overheads to the switching category. Exhibits 1 and 2 display the algorithms that were used to develop the local switching revenue requirements for NECA's average schedule and cost company pool participants respectively.¹⁷

USAC collects local switching support information directly from companies with exchange carrier study areas that have 50,000 or fewer lines and do not participate in the NECA Traffic Sensitive pool.¹⁸ These companies were required to provide 1999 LSS projections to USAC by October 1, 1998.¹⁹

NECA's projection of LSS amounts from companies participating in its Traffic Sensitive pool are \$200.7 million for cost study areas and \$86.0 million for average schedule study areas. LSS amounts of the non-NECA traffic sensitive pool study areas' are \$98.1 million for cost study areas and \$6.7 million for average schedule study areas.²⁰ Based on these estimates, total 1999 LSS is estimated to be \$391.5 million. USAC projects that one-quarter of this amount, or \$97.9 million will be required for 2Q1999. Individual study area local switching support projections per month are displayed in Appendix 3.

Because LSS support amounts are based on projections of 1999 switching costs, actual individual study area requirements will not be known until the 1999 cost studies are completed for those carriers, sometime in late 2000. The Commission's rules specify that true-ups to the local switching support will be made to reflect actual 1999 switching costs.²¹

¹⁷ 47 C.F.R. § 54.301(b).

¹⁸ 47 C.F.R. § 54.301(e)(1). A copy of the data collection form and instructions is included as Exhibit 3.

¹⁹ 47 C.F.R. § 54.301(b).

²⁰ Of these amounts \$1.6 million for cost companies and \$0.7 million for average schedule companies are attributable to companies that have elected to exit NECA's traffic sensitive tariff as of July 1, 1998.

²¹ 47 C.F.R. § 54.301(e)(2)(iv).

C. Long Term Support

Telephone company study areas that participate in NECA's Common Line pool are eligible to receive Long Term Support (LTS) from the federal high cost support programs.²² The amount of LTS that an incumbent local exchange carrier that participates in NECA's Common Line pool is eligible to receive is equal to the difference between the 1997 actual common line revenue requirement of that carrier and the 1997 actual revenue to be recovered by the application of the NECA Carrier Common Line charge to that carrier's common line minutes of use, adjusted to reflect the annual change in the national average USF loop cost. For 1998, the 1997 LTS amounts decreased 0.44 percent to reflect the decrease in the national average loop cost. For 1999 LTS, each NECA Common Line pool participant's 1998 level of LTS is multiplied by the rate of growth in the national average cost per loop filed by NECA on October 1, 1998, an additional decrease of 0.76 percent.

Commission rules require that the base 1997 amounts be trued-up within 12 months of the end of the period. NECA adjusted all 1997 amounts to reflect final cost studies and provided these amounts to USAC on December 31, 1998. USAC applied the appropriate factors reflecting the change in national average cost per loop (0.9956 for 1998 and 0.9924 for 1999) to these amounts to calculate 1998 and 1999 payment amounts. Individual study area annual Long Term Support amounts for 1997, 1998, and 1999 are displayed in Appendix 4.

Total 1999 LTS is \$473.3 million. USAC projects that one-quarter of this amount, or \$118.3 million, will be required for 2Q1999. Using year-end 1997 USF loop counts, USAC developed

²² 47 C.F.R. § 54.303.

individual study area per-line per-month LTS amounts. Monthly and second quarter study area specific LTS levels are displayed in Appendix 5. The final true-ups to the underlying 1997 data used to determine future LTS amounts must be reflected no later than 15 months after the end of the calendar year for which the data is reported. The impact of the final true-up of 1997 LTS amounts for eligible recipients of LTS results in an increase of support payments to date of \$3.8 million for calendar year 1998 and an increase of \$0.9 million for the first quarter 1999. Adjustments to support payments for eligible LTS recipients will be reflected in the April 1999 distributions.

III. Low-Income Programs

Eligible Telecommunications Carriers (ETCs)²³ must offer Lifeline programs to qualified low-income consumers. Eligible telecommunications carriers that provide such programs in accordance with Section 54 Subpart E of the Commission's rules are entitled to receive funding from the federal Universal Service low-income programs for waiver of charges and reduced rates provided to qualified low-income subscribers.²⁴

The federal Lifeline program provides funding from the interstate jurisdiction of up to \$7.00 per low-income subscriber per month consisting of a baseline amount of \$3.50, an additional \$1.75 per subscriber per month if the state commission authorizes a reduction in local rates equal to that amount, and up to an additional \$1.75 from the federal program if the state provides support for the low-income subscriber as well (the portion of the final \$1.75 that can be recovered is equal to one-half of a state funded amount up to \$3.50, if the state approves a reduction in local rates that is one and one-half times the level of matching state support).²⁵

The federal Link Up program compensates eligible telecommunications service providers for revenue foregone in offering a Link Up program that provides for service commencement charges for qualified low-income individuals that are discounted by one-half (up to \$30.00 in funding) or for interest forgone from a deferred schedule of payment of the charges assessed for commencing service (up to \$200.00) for which the low-income consumer pays no interest. Additionally, the federal

²³ 47 C.F.R. §§ 54.201. Exhibit 4 lists the carriers (by state) that have received Eligible Telecommunications Carrier status.

²⁴ 47 C.F.R. §§ 54.401-54.417.

²⁵ For example, if a carrier operating in a state that has a matching program that provides \$3.50 in support through a matching program, reduces its intrastate rates by \$7.00 for low-income customers, the customer would experience a total monthly rate reduction of \$10.50 (\$3.50 in interstate charges and \$7.00 in intrastate charges) of which \$7.00 would be funded from the federal jurisdiction and \$3.50 from the state matching program.

program compensates eligible telecommunications service providers for providing voluntary toll-limitation based on the carrier's incremental cost of providing toll-limitation services. The Commission defined these costs as the costs that carriers otherwise would not incur if they did not provide toll-limitation service to a given customer.²⁶

In the *Fourth Reconsideration Order*, the Commission established that eligible carriers, required to assess Presubscribed Interexchange Carrier Charges (PICCs) in their access charges, may also receive compensation for the PICCs associated with low-income subscribers that voluntarily opted for toll blocking service.²⁷

The Commission's *Second Order on Reconsideration* requires USAC's High Cost and Low-Income Committee to determine its quarterly demand projections for the Low-Income programs based on historic demand.²⁸ Low-income support is reimbursed two months in arrears of the time discounts are provided to low-income subscribers. Thus, support distributions made in October 1998 were for subscriber discounts provided in August 1998.

²⁶ Federal-State Joint Board on Universal Service, *Report and Order*, 12 FCC Rcd 8776 (1997) at ¶ 386 (Universal Service Order).

²⁷ See *Fourth Reconsideration Order* at ¶¶ 123-125. Competitive Local Exchange Carriers designated ETCs to serve customers in these carriers' serving areas are also eligible to receive this compensation for their low-income customers that opt for toll blocking. *Id.* at ¶ 125.

²⁸ Changes to the Board of Directors of the National Exchange Carrier Association, Inc., and Federal-State Board on Universal Service, *Report and Order and Second Order on Reconsideration*, 12 FCC Rcd 18400, ¶ 46 (1997) (*Second Reconsideration Order*).

Detailed below are the eligible telecommunications carriers' submitted claims for low-income program reimbursement for the months of January 1998 through November 1998:

Eligible Telecommunication Carriers Submitted Claims (stated in thousands)		
<u>Month</u> <u>1998</u>	<u>Total</u>	<u>Monthly Percent</u> <u>Change</u>
January	\$34,265	-----
February	37,263	8.7495
March	37,529	.7138
April	38,392	2.2996
May	38,466	.1927
June	39,050	1.5182
July	39,380	.8451
August	39,750	.9396
September	39,761	.0277
October	39,153	-1.5291
November	38,637	-1.3179
<hr/>		
Total	\$421,646	<hr/>
Avg. Monthly Percent Change		1.2439

All eligible telecommunications carriers are required to provide the low-income programs to qualified low-income customers. The process for reimbursement of low-income credits provides carriers the option of submitting the claims on a monthly, quarterly, or semi-annual basis. USAC anticipates that the claims for January through November 1998 will continue to increase.²⁹

²⁹ Carriers have six months to finalize their most recent submission of data under the USAC reimbursement procedures.

The eleven month trend of the industry reported data indicates an average growth in funding requirement at a rate of 1.2439 percent per month. This is a lower growth rate than that projected for the first quarter of 1999. Extrapolating the historical results through June of 1999 results in an estimate of approximately \$124.8 million being required to fund the Low-Income programs in 2Q1999.

Appendix 6 provides detail on the low-income programs available in each of the states and U.S. territories. Appendix 7 provides detail on company specific claims for reimbursement from the low-income programs for January through November 1998, and the amounts that were reimbursed during the September through November 1998 time frame.³⁰

³⁰ The numbers in Appendix 7 may not be identical to the above table showing submitted claims for reimbursement due to the fact that the referenced table shows an accumulated dollar amount submitted to date for each month. Appendix 7 details actual dollars paid to each company during a monthly accounting cycle. For example, in the month of September an eligible telecommunications carrier submits a claim for reimbursement of Low-Income credits provided for the month of June. The preceding table would present these credits in June, when the service provider rendered the credits. Appendix 7 would depict these credits in September, when reimbursement was disbursed to the service provider.

IV. Rural Health Care Program

Section 254 of the Telecommunications Act of 1996 expanded the traditional universal service concept to require discounted services for all eligible schools, libraries, and rural health care providers. The FCC implemented this directive along with other reforms to the high cost and low-income programs. As a requirement for eligibility for receipt of Rural Health Care supported services a health care provider must meet the definition established by Congress and incorporated into FCC rules.³¹ Telecommunications carriers providing eligible services to eligible Rural Health Care Providers (RHCPs) must be designated an Eligible Telecommunications Carrier (ETC)³² by a state commission or the FCC. ETCs that provide such service in accordance with Subpart G of Commission's Part 54 rules are entitled to receive funding from the federal Universal Service high cost programs.³³

A. Program Demand

The Rural Health Care program has received over 2,500 initial Form 465s requesting support. However, we estimate fewer than half will receive support based upon current FCC rules. A completed review of 114 of the 340 Form 466 and Form 468 applications received provides an estimate of no more than \$2 million will be necessary to fund the completed applications for 2Q1999 (including retroactive support prior to the posting date).

Given program demand, administrative expenses, and other adjustments USAC will have more than \$40 million on hand for the Rural Health Care Program at the conclusion of the second quarter, USAC requests that no additional contributions be collected during the second quarter of

³¹ 47 C.F.R. §§ 54.601.

³² 47 C.F.R. §§ 54.201. Exhibit 4 lists the carriers (by state) that have received Eligible Telecommunications Carrier status.

³³ 47 C.F.R. §§ 54.601-54.625.

1999 for this program. USAC is in the process of responding to the FCC's directive in establishing the first quarter 1999 contribution factors. In that Public Notice, the FCC directed USAC to reduce administrative expenses associated with the rural health care support mechanism to an amount that is commensurate with the size of the support mechanism. The FCC did not authorize the RHCC budget for the first quarter of 1999 and directed USAC to submit by March 1, 1999, administrative expenses for the rural health care support mechanism at an amount that serves the public interest. The FCC also required USAC to evaluate ways to improve opportunities for eligible rural health care providers to take advantage of the support mechanism, to evaluate anticipated demand for 1999, and to submit the results of such evaluation by March 1, 1999. USAC expects to submit revised projections and recommendations for adjustments to the fund with the report.

V. Schools and Libraries Program

Service providers meeting the requirements of Subpart F of the Commission's Part 54 are entitled to receive funding from the federal Universal Service schools and libraries program.³⁴ The Commission's rules provide reimbursement to service providers for discounted service to schools and libraries for telecommunications services, internal connections, and access to the Internet. Pursuant to the Commission's rules, the first program year will extend eighteen months from January 1, 1998, through June 30, 1999.³⁵ No more than \$1.925 billion is to be collected or committed to applicants for disbursement during the eighteen-month period from January 1, 1998, through June 30, 1999. The window for accepting applications for the second program year (July 1, 1999-June 30, 2000) opened on December 1, 1998, and is scheduled to close on March 11, 1999.

Program Demand

As of January 26, 1999, the Schools and Libraries Division (SLD) of USAC has committed more than \$620 million to 17,000 E-rate applicants in its first year. Commitments have been made to schools and libraries in every state, the District of Columbia, Puerto Rico and the Virgin Islands allowing recipients to move ahead with ambitious plans to gain access to modern telecommunications and information services.

For applications filed by April 15, 1998 (the end of the "application window"), SLD will be able to commit funds for all approved discounts for telecommunications and Internet access services. In addition, internal connection requests from to schools and libraries at a 77% or above

³⁴ 47 C.F.R. §§ 54.500-54.525.

³⁵ 47 C.F.R. §§ 54.507(b).

discount will be funded. At this level, discounts will reach communities where nearly half or more of the students qualify for the free and reduced lunch program.

Even as the SLD continues the 1998 funding commitment process, it is urging schools and libraries to start applying now for second-year E-rate discounts. The application window, which opened December 1, 1998, is currently scheduled to close on March 11; applicants must complete both steps of the application process before that date, and are advised to file their initial requests by February 5.

Out of the \$620 million, the nation's school districts will receive \$435 million in discounts, individual school applicants have been allocated \$68 million in discounts, and library consortia received \$27 million in discounts. Appendix 9 provides detail on commitments provided to the more than 17,000 schools and libraries for the first funding cycle through January 26, 1999.³⁶

Applicant demand continues to be greater than the \$1.925 billion available to be committed during this funding cycle and USAC requests the Commission establish a contribution factor to collect no more than \$325 million for 2Q1999.³⁷

³⁶ Appendix 9 details actual dollars committed for the first funding cycle through January 26. Additional commitments will be reported in USAC's next quarterly filing. Reimbursements to carriers are beginning to be processed and those amounts will be included in future filings. Since SLC has already provided this information in electronic form by posting on the Internet at <http://www.slcfund.org/Reference/fndcommit.asp>, electronic copies are not included with the filing.

³⁷ 47 C.F.R. § 54.507(a)(1).

VI. Administrative Expenses

Section 69.620 (b) of the Commission's rules require the administrator to submit to the Commission its projected quarterly budget at least 60 days prior to the start of the quarter.³⁸ In its *Second Reconsideration Order*, the Commission determined that USAC should not allocate all of its administrative costs to the high cost and low-income programs' quarterly cost projections.³⁹ The Commission directed USAC to include any costs that can be directly attributed to the schools and libraries or rural health care programs in the projected administrative expenses of the relevant programs.⁴⁰ USAC's joint and common costs associated with billing and collection of contributions or disbursement of funds are also to be identified. One-fourth of USAC's joint and common costs are to be included in the projected administrative expenses of the high cost, low-income, rural health care and schools and libraries programs, respectively.⁴¹ The merger of USAC with the former Schools and Libraries Corporation and the former Rural Health Care Corporation has produced administrative efficiencies that will result in budget savings included in this filing and we expect to identify more savings as administrative and operational functions are further streamlined consistent with the Plan of Reorganization approved by the FCC.

USAC projects a Second Quarter 1999 consolidated budget of \$8.962 million. Joint and common costs are projected to total \$0.504 million, of which \$0.115 million is to be assigned to each high cost and low-income, \$0.152 million to schools and libraries, and \$0.122 million to rural health care. USAC projects that its consolidated budget will charge \$0.482 million to the high cost program administration during the 2Q1999; projects 2Q1999 costs of \$0.535 million attributable to the

³⁸ 47 C.F.R. § 69.620(b).

³⁹ *Second Reconsideration Order* at ¶ 47.

⁴⁰ *Id.*

⁴¹ *Id.*

administration of the low-income programs; projects 2Q1999 expenses of \$1.174 million to attributable to the administration of the rural health care program; and projects 2Q1999 costs of \$6.772 million attributable to the administration of the schools and libraries program.

In addition, FCC rules direct NECA to continue performing certain functions relative to the Universal Service Fund (USF), *i.e.*, the collection and processing of annual USF data as well as the optional quarterly updates to that data.⁴² The Part 69 rules governing recovery of NECA expenses no longer permit it to recover its expenses related to Universal Service since NECA has no associated revenues, and recovery of these expenses is properly attributable to the high cost support mechanism.⁴³ NECA's projected second quarter expenses to perform these universal service related functions are \$0.6 million. These expenses have been included in the second quarter 1999 requirement. NECA indicates that its expense projection includes system upgrades to ensure that the USF High Cost data processing system will be Year 2000 compliant and to provide for the conversion from mainframe processing to client server technology.

For 2Q1999, USAC projects interest income of approximately \$0.6 million for the high cost program, \$0.8 million for the low-income program, \$0.5 million for the rural health care program and \$1.9 million for the schools and libraries program. The projected interest income is being included as an offset to expenses for each of the programs not projected to reach their funding cap.

In 2Q1999, the USAC expects to see a further decrease in contractor costs, while labor and other direct expenses will also decrease. In 2Q1999, we also include conservative estimates for an independent audit of our 1998 financial statements and internal controls.

Contractor costs processing Schools and Libraries forms in the 2Q1999 are expected to

⁴² 47 C.F.R. §§ 36.611-36.613.

⁴³ 47 C.F.R. § 69.603.

decrease by more than 60 percent compared to the 1Q1999, because of a substantial decrease in forms volume. System development costs will also be lower in the 2Q1999 than in the 1Q1999, as we complete electronic invoicing capacity and other service provider notifications. Key development work will continue on support for the new online Form 471, and on support and adjustments for new post-commitment forms. In addition, we expect to continue gearing up to administer the high cost model, however, the additional funds projected in 1Q1999 are expected to be sufficient for any administrative activities for the first six months of 1999.

Appendix 8 provides the detail of the expense projections for the high cost, low-income, schools and libraries, and rural health care programs. In total, second quarter 1999 projected expenses attributable to the high cost programs are \$1.135 million, offset by projected interest income of \$0.6 million, providing a net addition to the funding requirement of \$0.535 million. Second quarter 1999 projected expenses for the low-income programs are \$0.5 million offset by interest income of \$0.8 million, providing a net decrease to the low-income funding requirement of \$0.3 million. Second quarter 1999 projected expenses attributable to the rural health care program are \$1.174 million, and no additional funds need be collected for the program. Second quarter 1999 projected expenses for the schools and libraries program is \$6.8 million, with interest income of \$1.9 million. Interest income for the schools and libraries and rural health care programs reduces future contributions and is not offset from expenses.⁴⁴

Revised Estimates of SLD Expenses for First Quarter 1999

In addition, since the original filing of the First Quarter projections in November 1998, we have worked with our major contractor to renegotiate several of their sub-contracts and are

⁴⁴ 47 C.F.R. §54.709(a)(3).

starting to see some benefits from the merger of the Rural Health Care Corporation, USAC, and the Schools and Libraries Corporation. USAC can, therefore, re-estimate expenses for the administration of the schools and libraries program for the First Quarter of 1999. Compared to the November filing, we now estimate that administrative and contract costs will be \$1.2 million less, a reduction of 12 percent.

We project that operating costs attributable to the schools and libraries program will also be significantly lower as the result of management and organizational consolidation of certain common functions. In addition, in the November filing we noted that certain measures were being undertaken to generate cost-efficiencies, including provision to accept invoices electronically and to generate electronic notifications to service providers of actions on applications where such providers are named. Subsequent re-negotiation of contract pricing has resulted in significantly lower budget estimates for processing applicant and service provider forms in the First Quarter of 1999. We also estimate that one-time costs for system development will decrease, since major web site improvements have been completed, and NECA and SLD staff will accomplish an increased amount of system work. This budget estimate provides for expansion of SLD's Program Integrity Assurance (PIA) operations, as did the original filing. Some savings, however, are achieved through use of imaging systems for the FCC forms.

Based on these activities, expenses for the First Quarter 1999 are estimated to be \$9.0 million, a reduction of \$1.2 million. As the projected demand exceeds funds available for commitment, no adjustment in the funds collected need occur.

VII. Funding Requirements

A. High Cost Programs

Sections 36.631(e) and 36.741(b) of the Commission's rules require NECA to make changes in the size of the projected USF and low-income requirements to reflect adjustments based on actual dollar amounts compared to the projection included in prior period.⁴⁵ Increases in the size of the funding requirement for the previous period are added to the projected requirements; decreases from the prior period are subtracted from the projected revenue requirements.

Fourth quarter 1998 results contribute to an under-funded condition, for which the instant filing proposes to adjust the second quarter 1999 requirements. The authorized funding requirement for the fourth quarter for the high cost program was \$423.7 million. As a result of changes to the funding base of interstate and international revenues, and the prior quarter's adjustment of the authorized funding requirement, application of the authorized contribution factor of .0318 produced billing for the high cost program totaling \$417.9 million, \$5.8 million less than the authorized funding level. This deficit in funding is in addition to the billing of ten companies that are in bankruptcy proceedings totaling \$2.1 million, resulting in a net billing deficit of \$7.9 million. In addition to the billing deficit, distributions for the high cost program were \$7.2 million less than originally anticipated, however the true up of LTS resulted in an additional requirement of \$4.7 million. This net decrease of \$2.5 million in the funding requirement when added to the net billing deficit results in a proposed increase to the second quarter 1999 funding requirement of \$5.4 million. The total projected funding requirement for the high cost programs for the second quarter 1999 is \$439.2 million. Exhibit 5 details the individual components of the funding requirement for 2Q1999.

⁴⁵ Section 36.631(e) of the Commission's rules defines the resizing procedure for USF. Section 36.741(b) of the Commission's rules defines the resizing procedures for lifeline connection assistance and subscriber line charge waiver. *See* 47 C.F.R. §§ 36.631(e) and 36.741(b).

B. Low-Income Programs

The authorized funding requirement for the fourth quarter for the low-income programs was \$115.8 million. As a result of changes to the funding base of interstate and international revenues, USAC billed telecommunications service providers \$121.2 million for these programs, totaling \$5.4 million more than the authorized level. Adjusting the over-billing amount to account for the ten bankrupt entities (\$0.4 million) results in an over-funding of \$5.0 million. The net result of the proposed adjustments, (*i.e.*, over-billing and bankruptcies) results in a proposed decrease for the second quarter 1999 funding requirement of \$5.0 million. The total projected funding requirement for the low-income programs for the second quarter 1999 is \$119.5 million. Exhibit 5 details the individual components of the funding requirement for the quarter.

C. Rural Health Care Program

For the fourth quarter of 1998 the Commission instructed USAC to use half of the balance actually collected as of December 31, 1998, for the rural health care program to reduce the amount of contributions collected during the first quarter of 1999. USAC estimated that it would have a balance of approximately \$85.5 million on hand at the end of the fourth quarter of 1998. At the end of 1998 USAC had \$87 million on hand, and had more than \$8.3 million outstanding in December invoices due in January. USAC will transfer on a monthly basis one-third of \$87 million (\$14.5 million) to the “other support mechanisms with the same contribution base, *i.e.*, the support mechanisms based upon interstate, intrastate, and international end-user telecommunications revenue.” The Commission did not authorize any additional collection for the first quarter of 1999.

USAC has also overcollected for the rural health care program in 1998 by \$0.6 million and earned interest of \$2.1 million. Adjusting the over-billing amount to account for the ten bankrupt

entities (\$0.1 million) results in an over-funding of \$0.5 million. When combined with the revised projection of \$0.7 million in interest expected to be earned in the first quarter of 1999 and the \$0.5 million in interest anticipated in 2Q1999 attributable to the fund, USAC proposes that, consistent with section 54.709(b) of the Commission's rules, the Commission reduce the contribution factor for support mechanisms based on the interstate, intrastate, and international end-user telecommunications revenue by \$3.5 million, and order USAC to transfer that amount from the funds available to the rural health care program to the schools and libraries program.

D. Schools and Libraries Program

The authorized funding requirement for 1998 for the schools and libraries programs was \$1,275.0 million. As a result of changes to the funding base of interstate, intrastate, and international revenues, USAC billed telecommunications service providers \$1,282.2 million for these programs, totaling \$7.2 million more than the authorized level. Adjusting the over-billing amount to account for the ten bankrupt entities (\$1.4 million) results in an over-funding of \$5.8 million. In addition the funds collected for the schools and libraries support programs earned \$28.4 million in interest, and is projected to earn an additional \$5.1 million, and \$1.9 million in the first and second quarters of 1999. The net result of the proposed adjustments, (*i.e.*, over-billing, bankruptcies, transfers, and interest) results in a proposed decrease for the second quarter 1999 funding requirement of \$41.2 million. The total projected funding requirement to meet total program costs for the schools and libraries programs for the second quarter 1999 is \$283.8 million. Exhibit 5 details the individual components of the funding requirement for the quarter.

VIII. Contribution Bases

USAC distributed over 4,900 forms (FCC Form 457) in August of 1998. Interstate telecommunications service providers were required to complete this form with revenue information for the first six months of calendar year 1998 and return the forms to USAC by September 1, 1998. To date, USAC has received approximately 4,300 completed forms.⁴⁶

Funding bases for the first and second quarters of 1999 are developed from the revenues reported for January through June 1998 (reported in September 1998).⁴⁷ USAC has yet to receive Forms 457 from 77 telecommunications service providers that previously submitted forms in March 1998. For those carriers that failed to submit a six-month Form 457, USAC has included estimated revenues based on their prior submission in establishing the preliminary second quarter 1999 funding bases for the support programs.⁴⁸

For the second quarter 1999 funding period the preliminary total intrastate, interstate and international end-user revenue base to be used in determining the contribution factor for the schools and libraries and rural health care programs is \$98.672 billion. The interstate and international end-user revenue base to be used in determining the contribution factor for the high cost and low-income programs is \$36.979 billion.

⁴⁶ USAC received certifications of *de minimis* status from 2,276 carriers, which are included in the 4,300 completed forms received to date. The USAC Board adopted a late filing penalty, consistent with 47 C.F.R. § 54.713, at its October 1998 meeting. Companies not submitting their FCC Form 457 by the due date are subject to a late filing penalty calculated at a rate of .005 percent applied to their total end-user billed revenue with a minimum penalty of \$100 and a maximum penalty of \$5,000. This penalty will be effective beginning in March 1999.

⁴⁷ *Second Reconsideration Order*, Appendix C (FCC Form 457-Universal Service Worksheet, Instructions, II.B.), 12 FCC Rcd at 18502.

⁴⁸ January through June 1998 estimated Revenues for carriers not yet filing a Form 457 total approximately \$463.0 million in total revenues or .47 percent of the total funding base projection for the second quarter 1999. Carriers that have not provided their 6-month data have been contacted; however, as of the filing date have not provided the required submission.

IX. Operations

Exhibit 6 provides a preliminary and unaudited Statement of Changes in Fund Balance for the universal service programs since they have been under the control of USAC through the end of 1998. On numerous occasions this year USAC has had to allocate funds from the low-income program to ensure there was no shortfall in high cost payments, and remains concerned that not all carriers have fully complied with their universal service contribution obligation. The uncollectible rate remains under 1% of the total funds billed to contributing telecommunication carriers, though the lack of an uncollectible factor in the Commission's contribution factors for the first half of 1998 keep total funds collected below fund obligations for all parts of the fund except rural health care. We look forward to continue working with the Commission to address this issue.

At its January 25, 1999 meeting, the high-cost low-income committee, the rural health care committee, and the schools and libraries committee passed resolutions authorizing the second quarter 1999 high cost and low-income, rural health care, and schools and libraries program funding requirements described herein. The full USAC Board of Directors, at its January 26, 1999 meeting, by resolution, authorized the inclusion of the second quarter 1999 administrative expenses and funding base.

Respectfully submitted,

UNIVERSAL SERVICE
ADMINISTRATIVE COMPANY

Subtotal	310.7	8.0	(38.7)	280.0
High Cost	438.7	1.1	(0.6)	439.2
Low Income	119.8	0.5	(0.8)	119.5
Total	869.2	9.6	(40.1)	838.7

* This reflects an adjustment to the fund to account for overcollections in prior periods, in addition to the deduction from available funds for the administrative expenses. 47 C.F.R. § 54.709(a)(3). The Rural Health Care program hopes to disburse approximately \$2.0 million in the second quarter, but expects to end the second quarter with more than \$40 million in funds collected in 1998.
