FEDERAL UNIVERSAL SERVICE SUPPORT MECHANISMS FUND SIZE PROJECTIONS FOR FIRST QUARTER 2010

INTRODUCTION

The Universal Service Administrative Company (USAC) hereby submits the federal Universal Service Support Mechanisms fund size and administrative cost projections for the first quarter of calendar year 2010 (1Q2010), in accordance with Section 54.709 of the Federal Communications Commission's (FCC or Commission) rules.¹

USAC is the not-for-profit corporation responsible for administering the federal Universal Service Fund (USF) and the universal service support mechanisms: High Cost, Low Income, Rural Health Care, and Schools and Libraries.² USAC also performs the billing, collection, and disbursement functions for the universal service support mechanisms.

Upon approval of the quarterly funding requirements for the universal service support mechanisms and the projected administrative expenses, and the submission of the contribution base amount, the Commission will establish a quarterly contribution factor. USAC will bill contributors on a monthly basis for their individual obligations based on the approved contribution factor, collect amounts owed from contributors, and distribute funds to eligible recipients based on the schedules filed herein.³

² 47 C.F.R. § 54.701.

³ See 47 C.F.R. §§ 54.709(a)(4), 54.201, 54.203, 54.515, 54.517, 54.301-54.307, 54.407, 54.413, 54.515 and 54.611.

ADMINISTRATIVE EXPENSES AND INTEREST INCOME PROJECTION

ADMINISTRATIVE EXPENSES

Section 54.709(a)(3) of the Commission's rules requires USAC to submit its projected quarterly budget at least 60 days prior to the start of the quarter.⁴ USAC includes any costs that can be directly attributed to the High Cost, Low Income, Rural Health Care, and Schools and Libraries Support Mechanisms in the projected administrative expenses of each mechanism. USAC's remaining joint and common costs including costs associated with the billing, collection, and disbursement of funds are included in the projected administrative expenses of the respective support mechanisms based on USAC's methodology for allocating costs submitted to the Commission.⁵

USAC projects a consolidated budget of \$29.49 million for 1Q2010. Direct costs for all support mechanisms total \$18.84 million⁶ and are listed for each mechanism in the chart provided below. Joint and common costs (including billing, collection, and disbursement activities) are projected at \$10.65 million and are allocated to each support mechanism as described in the chart below based on the allocation methodology on file with the Commission.

^{4 47} C.F.R. § 54.709(a)(3).

⁵ On January 1, 2006, USAC implemented a revised methodology for allocating joint and common costs that was filed with the Commission on October 3, 2005. *See* Letter from D. Scott Barash to Marlene H. Dortch regarding Revisions to the Method for Allocating Costs Among the Four Universal Service Support Mechanisms, CC Docket Nos. 97-21 and 96-45 (Oct. 3, 2005).

⁶ This amount includes \$70,000 budgeted each quarter for High Cost data collection performed by the National Exchange Carrier Association (NECA)–an independent entity not affiliated with USAC. *See* 47 C.F.R. §§ 36.611-13 and 69.603. Although USAC is required to pay for the data collection, it does not have the ability to directly oversee the effort and cannot verify, monitor, or otherwise evaluate the cost of performing the data collection function. Consistent with the fiduciary obligations of its members to safeguard USAC assets and the USF, USAC's Board of Directors has requested clarification from the Commission concerning this matter. *See* letter from D. Scott Barash, USAC, to Irene Flannery, FCC (Dec. 10, 1999), Comments of the Universal Service Administrative Company to the *Further Notice of Proposed Rulemaking* in CC Docket No. 96-45, FCC 01-8 (Feb. 26, 2001). *See also,* Comments of the Universal Service Administrative Company (Dec. 19, 2005), FCC 05-124 (June 14, 2005); and *Reply Comments of the Universal Service Administrative Company* (Dec. 19, 2005).

1Q2010 Administrative Expenses (in millions)

Appendix M01 provides USAC's administrative expense budget for 1Q2010.

Appendix M02 provides the fund size projections for 1Q2010.

INTEREST INCOME PROJECTION

For 1Q2010, USAC projects interest income of approximately \$0.26 million for the High Cost Support Mechanism, \$0.05 million for the Low Income Support Mechanism, \$0.31 million for the Rural Health Care Support Mechanism, and \$4.01 million for the Schools and Libraries Support Mechanism. USAC projects total interest income of \$4.63 million. As in previous quarters, projected interest income is being included as an offset to administrative expenses for each of the support mechanisms and reduces the amount that USAC will be required to collect from carriers for those support mechanisms that are funded at caps established by the Commission.

FINANCIAL STATEMENTS

For the nine months ended September 30, 2009, on a cash basis, USAC disbursed to beneficiaries \$5,192.97 million in universal service support as follows: \$3,150.51 million in High Cost support, \$708.89 million in Low Income support, \$1,282.57 million in Schools and Libraries support, and \$51.00 million in Rural Health Care support. On a cash basis, the total cash balance available as of September 30, 2009 to the universal service support mechanisms was \$5,727.21 million. On an accrual basis, USAC had a fund balance of \$5,884.13 million at September 30, 2009.

Appendices M03 and M04 provide 2009 year-to-date statements of fund activity on a cash and accrual basis.

EFFORTS TO PREVENT AND REDUCE IMPROPER PAYMENTS

USAC has established a foundation of processes, systems, procedures, and outreach activities to prevent or reduce "improper" payments as defined by the Improper Payments Information Act of 2002 (P.L. 107-300). USAC is also evaluating additional measures that may help to identify or reduce improper payments. USAC has initiated efforts consistent with its February 28, 2008 letter to the Commission identifying additional steps that USAC proposed to take to prevent or reduce potential improper payments and the additional resources needed to implement such measures.⁷ Commission staff has directed USAC to report on a quarterly basis its progress in implementing proposed actions to prevent or reduce improper payments and anticipated administrative costs of such actions.⁸

The steps initiated by USAC include additional oversight and managerial controls, strengthened audit and investigative techniques, improved information technology tools, and more effective use of outreach resources. In 1Q2010, USAC will continue efforts identified and initiated earlier in the year to help prevent or reduce improper payments, including:

1. Assessing and strengthening USAC's internal controls.

In February 2009 USAC received the assessment from the independent auditing firm engaged to assess the company's internal controls program and bring its already extensive

⁷ See Letter from D. Scott Barash, Acting Chief Executive Officer, USAC, to Anthony Dale, FCC Managing Director (Feb. 28, 2008, concerning suggested additional steps to reduce or prevent improper payments.

internal controls framework into full compliance with best practices consistent with the internal controls process defined in OMB Circular A-123. No material weaknesses were noted, but several control deficiencies were identified. USAC is currently remediating all identified deficiencies. Additionally, in lieu of contract assistance, USAC hired three employees to perform the on-going, required internal control related documentation and testing. Additionally, USAC plans to increase validation checks for High Cost and Low Income (HCLI) Support Mechanism operations and Schools and Libraries Support Mechanism beneficiary compliance with the Children's Internet Protection Act (CIPA). The HCLI initiative is dependent on the FCC granting USAC the authority to collect the necessary data. The CIPA validation is planned to be operational during 2009.

2. <u>Strengthening audit and investigative techniques.</u>

USAC has been assessing Round 2 and Round 3 of the FCC Office of Inspector General (OIG) USF audit program audits where additional work is needed in order to reduce the number of disclaimed and adverse opinions and to provide specific amounts to be recovered. USAC is pursuing the collection of all identified Schools and Libraries and HCLI Support Mechanism audit recoveries.

3. <u>Improving information technology tools</u>.

USAC prepared a request for proposals (RFP) for the software procurement and systems integration of the USAC and USF financial systems modernization (FSM) project. The goals of FSM are to provide a more robust, flexible infrastructure to support all aspects of USAC operations. USAC submitted the FSM RFP to the FCC for approval earlier this year. USAC staff is working with FCC staff to obtain approval to conduct procurements for FSM software selection, integration and deployment.

5

4. <u>Expanding and enhancing outreach and education</u>.

In 2008 and 2009, USAC has conducted seven HCLI Support Mechanism beneficiary workshops and nine online webinars to address carrier filing and document retention requirements, program rules and audits. USAC has also conducted eight contributor and twelve Schools and Libraries Support Mechanism trainings: eight for applicants and four for service providers. The USF contributor and support mechanism individual outreach program is evolving in 2009 to more directly address program participant questions and program compliance issues. USAC has created 12 online learning modules to provide High Cost and Schools and Libraries Support Mechanism participants as well as contributors with guidance and instruction in program rules and requirements compliance. Three online learning modules have been created to provide support to contributors and service providers filing various FCC forms. Additionally, the Schools and Libraries Division is providing customized outreach and education to every Beneficiary, subject to an audit, to provide specific information on areas of program compliance.

FUNDING REQUIREMENTS

HIGH COST SUPPORT MECHANISM

ELIGIBLE TELECOMMUNICATIONS CARRIER (ETC) DESIGNATION

A requirement of eligibility for receipt of High Cost support is that a common carrier must be designated as an eligible telecommunications carrier (ETC) by a state commission or the FCC in accordance with Subpart F of Part 36 and Subpart D of Part 54 of the Commission's rules.⁹ ETCs are eligible to receive funds from the High Cost Support

⁹ See 47 U.S.C. § 214(e); 47 C.F.R. § 54.201.

Mechanism,¹⁰ which includes High Cost Loop Support, Interstate Access Support, Local Switching Support, Interstate Common Line Support, and High Cost Model Support. Together, the projected requirements for these five components of the High Cost Support Mechanism and USAC administrative expenses constitute the overall funding requirement for the High Cost Support Mechanism.

The High Cost Support Mechanism provides support to more than 1,800 study areas, including those served by both incumbent and competitive ETCs.

The table below contains the number of study areas served by rural versus non-rural carriers and rate-of-return versus price cap carriers.

INTERIM HIGH COST SUPPORT CAP FOR COMPETITIVE CARRIERS

Competitive eligible telecommunications carriers' (CETCs) High Cost support was capped with the adoption by the Commission of an interim, industry-wide cap on the amount of high-cost support that CETCs may receive.¹¹ As of the August 1, 2008 effective date of the Commission's order, total annual CETC support for each state was capped at the level of support that CETCs in that state were eligible to receive during March 2008 on an annualized basis. Projections for each component of High Cost support will reflect both the

¹⁰ 47 C.F.R. § 36.631 and 47 C.F.R. §§ 54.301-54.303, 54.309, 54.311, 54.807 and 54.901.

¹¹ See In the Matter of High-Cost Universal Service Support Federal-State Joint Board on Universal Service, Alltel Communications, Inc., et al., Petitions for Designation as Eligible Telecommunications Carriers, RCC Minnesota, Inc. and RCC Atlantic, Inc., New Hampshire ETC Designation Amendment, FCC 08-122 (rel. May 1, 2008). Following publication in the Federal Register, on July 2, 2008, the order became effective on August 1, 2008.

capped CETC support amounts and the uncapped CETC support amounts. The total fund requirement, however, will include only the capped CETC support amount.

Appendix HC01 provides projected High Cost support with capped CETC support by state, by study area, for 1Q2010. HC01 also provides the projected <u>capped</u> amount of individual company support segregated by rural and non-rural status, and projected permonth capped amounts for the components of High Cost support that each ETC¹² may be eligible to receive. Appendix HC01A provides the projected <u>uncapped</u> amount of individual company support segregated by rural and non-rural status. HC01A also contains the projected per-month uncapped amounts for the components of High Cost support that each ETC¹³ may be eligible to receive. HC02 provides the total projected capped amount of annualized High Cost support for 1Q2010 for each state and territory. HC03 provides rural study areas with competition. HC04 provides disaggregated per-line High Cost support by zone, consistent with disaggregation plans filed with USAC.

VERIZON WIRELESS AND SPRINT CETC SUPPORT PHASE DOWN

Support to Verizon Wireless and Sprint CETCs are subject to additional High Cost support reduction as required by FCC orders.¹⁴ The 1Q2010 projected reduction for the CETCs is \$39.21 million.

¹² See 47 C.F.R. § 36.631 and 47 C.F.R. §§ 54.301-54.303.

¹³ See 47 C.F.R. § 36.631 and 47 C.F.R. §§ 54.301-54.303.

HIGH COST RURAL SUPPORT

High Cost Loop Support (including Safety Net Additive and Safety Valve Support)

High Cost Loop (HCL) Support is calculated based on the results of the annual collection of 2008 incumbent local exchange carrier (LEC) loop cost and expense adjustment data that was submitted to the FCC and USAC on October 1, 2009.¹⁵ Growth in total HCL Support for rural LECs is limited under Section 36.603(a) of the Commission's rules to the current level of funding increased yearly by the annual growth in supported rural loops.¹⁶ The *RTF Order*¹⁷ increased HCL Support for rural LECs effective July 1, 2001.

Rural incumbent LEC HCL Support for calendar year 2010 will be less than the level of payments for 2009 because of a rural growth factor of negative 4.5483 percent. Rural incumbent LEC HCL Support for calendar year 2010, therefore, is capped at \$962.00 million.

Pursuant to the *RTF Order*, Safety Net Additive (SNA) Support is support above the HCL cap for carriers that make significant investment in rural infrastructure in years in which HCL is capped.¹⁸ To receive support, a rural carrier must show that growth in telecommunications plant in service (TPIS) per line is at least 14 percent greater than the study area's TPIS in the prior year. Carriers seeking to qualify for SNA Support must

¹⁸ See RTF Order at ¶¶ 77-90.

provide written notice to USAC that a study area meets the 14 percent TPIS trigger.¹⁹ For 1Q2010, projected SNA Support is \$16.85 million.

Also pursuant to the *RTF Order*, Safety Valve Support (SVS) is support above the HCL cap for rural carriers that acquire high cost exchanges and make substantial post-transaction investments to enhance network infrastructure.²⁰ SVS is 50 percent of the difference between the index year HCL Support amount and the HCL Support amount in subsequent years.²¹ SVS is subject to an overall cap of no more than five percent of the HCL fund in any given year.²² For 1Q2010, projected SVS is \$1.93 million.

For 1Q2010, USAC projected HCL Support is \$340.18 million. Of this amount, \$240.38 million is associated with rural incumbent carriers and \$99.80 million is the capped amount associated with CETCs (uncapped CETC support is \$133.12 million). In addition, 1Q2010 SNA Support is projected to be \$16.85 million and SVS is projected to be \$1.93 million. Based on these projections, total 1Q2010 HCL support is projected to be \$358.96 million, and total annual 2010 HCL Support is estimated to be \$1,435.83 million.

Appendix HC05 provides projected uncapped monthly HCL Support payments by study area for 1Q2010. HC06 provides projected uncapped monthly SNA Support payments by study area for 1Q2010. HC07 displays uncapped SVS for 1Q2010.

¹⁹ See 47 C.F.R. § 36.605(c).

 $^{^{20}}$ See RTF Order at $\P\P$ 91-119.

²¹ See 47 C.F.R. § 54.305(c). In an order released on January 10, 2005, the FCC amended Section 54.305 so that it does not apply to transfers of exchanges between non-rural carriers after the phase-down of interim hold harmless support. See Federal-State Joint Board on Universal Service, National Telephone Cooperative Association Petition for Reconsideration, CC Docket No. 96-45, Order and Order on Reconsideration, FCC 05-1, 20 FCC Rcd 768, 772, ¶ 9 (2005). In addition, the FCC amended Section 54.305 to provide that rural carriers that acquire high cost exchanges may receive SVS for the investment made in the first year of operating the acquired exchanges. Id. at ¶ 10.

²² See 47 C.F.R. § 54.305(e).

Local Switching Support

ETC study areas having 50,000 or fewer access lines are eligible to receive support for local switching costs.²³ Local Switching Support (LSS) is the product of a carrier's annual unseparated local switching revenue requirement multiplied by its local switching support factor.²⁴

For 1Q2010, LSS is projected to be \$12.89 million for incumbent average schedule carriers and \$57.43 million for incumbent cost study carriers. In addition, 1Q2010 LSS for CETCs is projected to be \$26.17 million (capped amount). The uncapped amount is \$35.72 million. USAC projects, therefore, that \$96.49 million will be required for 1Q2010. Based on these projections, total annual 2010 LSS is estimated to be \$385.95 million.

Individual study area LSS projections per month are contained in Appendix HC08.

INTERSTATE COMMON LINE SUPPORT

Interstate Common Line Support (ICLS) is designed to permit each rate-of-return carrier to recover its common line revenue requirement, while ensuring that its subscriber line charges (SLCs) remain affordable to its customers.²⁵

For 1Q2010, ICLS for incumbent rate-of-return carriers is projected to be \$284.85 million. In addition, 1Q2010 ICLS for CETCs is projected to be \$140.77 million (capped amount). The uncapped amount is \$179.18 million. USAC projects, therefore, that \$425.62

²³ See 47 C.F.R. § 54.301.

²⁴ The LSS factor is defined as the difference between the 1996 weighted interstate Dial Equipment Minute (DEM) factor and the 1996 unweighted DEM factor.

²⁵ See Multi-Association Group (MAG) Plan for Regulation of Interstate Services of non-Price Cap Incumbent Local Exchange Carriers and Interexchange Carriers, Federal-State Joint Board on Universal Service, Access Charge Reform for Incumbent Local Exchange Carriers Subject to Rate-of-Return Regulation, Prescribing the Authorized Rate of Return for Interstate Services of Local Exchange Carriers, CC Docket Nos. 00-256, 96-45, 98-77, 98-166, Second Report and Order and Further Notice of Proposed Rulemaking in CC Docket No. 00-256, Fifteenth Report and Order in CC Docket No. 96-45, and Report and Order in CC Docket Nos. 98-77 and 98-166, FCC 01-304, 16 FCC Rcd 19613 (2001) (MAG Order).

million in ICLS will be required for 1Q2010. Based on these projections, total annual 2010 ICLS is estimated to be \$1,683.61 million.

Appendices HC09, HC10 and HC11 provide USAC's 1Q2010 uncapped projections of ICLS by study area, per line and by state, respectively. HC22, HC23 and HC24 contain the revised 4Q2009 projections of ICLS by study area, per line and state, respectively. HC28 and HC29 provide the revised projected 2008 to 2009 program year ICLS by study area and per line. HC30 and HC31 provide the revised projected 2009 to 2010 Program Year ICLS by study area and per line.

INTERSTATE ACCESS SUPPORT

Interstate Access Support (IAS) helps offset interstate access charges for price cap companies.²⁶ The *Interstate Access Order* targets the support mechanism at \$650 million annually for five years.²⁷

The IAS projected industry-wide totals for 1Q2010 are \$33.98 million for rural incumbent carriers and \$86.49 million for non-rural incumbent carriers. The High Cost support Interim Cap²⁸ limits IAS CETC support to \$24.35 million (\$56.67 million is uncapped CETC support). USAC projects \$144.82 million will be required for 1Q2010 with total annual IAS estimated to be \$579.28 million.

Appendices HC12, HC13, and HC14 provide USAC's 1Q2010 uncapped IAS projected by study area, line, and state, respectively.

NON-RURAL FORWARD-LOOKING SUPPORT

Support, non-rural carriers in 10 states (Alabama, Kentucky, Maine, Mississippi, Montana, Nebraska, South Dakota, Vermont, West Virginia, and Wyoming) are eligible to receive forward-looking support in 2010.²⁹

For 1Q2010, USAC projects \$80.42 million will be required for HCM Support, which consists of \$39.49 million for incumbent non-rural carriers and \$40.93 million of capped support for CETCs (\$50.40 million is uncapped CETC support). Based on these projections, total annual 2010 HCM Support is estimated to be \$321.70 million.

Appendices HC15, HC16, and HC17 provide USAC's 1Q2010 uncapped projections of non-rural forward-looking support by wire center, state, and study area, respectively. Appendices HC25, HC26 and HC27 provide the revised 4Q2009 projections of HCM by wire center, by state and study area, respectively.

COMPETITIVE ETC LINES

Appendix HC18 provides CETC lines reported for HCL Support by incumbent study area. HC19 provides CETC lines reported for ICLS by incumbent study area. HC20 provides CETC lines reported for IAS by incumbent study area. HC21 provides CETC lines reported for HCM Support by incumbent study area.

HIGH COST SUPPORT MECHANISM SUMMARY

The estimated 1Q2010 High Cost Support Mechanism funding requirement is \$1,106.31 million, which includes \$358.96 million for HCL Support (including SNA and SVS), \$96.49 million for LSS, \$425.62 million for ICLS, \$144.82 million for IAS, and \$80.42 million for HCM Support. Sections 54.709(b) and 54.709(c) of the Commission's rules require USAC to adjust the size of the projected support requirements to reflect adjustments

based on actual dollar amounts compared to the projections included in the prior period.³⁰

Increases in the size of the funding requirement for the prior period are added to the

projected requirements; decreases from the prior period are subtracted from the projected

revenue requirements.

Results for the Third Quarter 2009 (3Q2009) contributed to an under-funded

condition for which this filing proposes to adjust the 1Q2010 funding requirements. The

total adjustment to the 1Q2010 fund requirement based on actual results will increase the

funding needed by \$23.66 million. The explanation for the adjustment is described in the

following table:

Reason for the Prior Period Adjustment	Adjustment in Millions
The 3Q2009 billings were lower than the projected revenues	
reported by contributors in their quarterly revenue projections	
due to the annual actuals/quarterly revenue estimate true-up

projected funding requirement for the High Cost Support Mechanism for 1Q2010 of \$1,098.11 million.

Appendix M02 provides information on the individual components of the funding requirement for the quarter.

LOW INCOME SUPPORT MECHANISM

LIFELINE SUPPORT

All ETCs must offer Lifeline support to qualified low-income consumers.³² ETCs providing Lifeline support in accordance with Subpart E of Section 54 of the Commission's rules are entitled to receive funding from the Low Income Support Mechanism for the waiver of charges and reduced rates provided to qualified low-income subscribers.³³ Lifeline support provides funding from the interstate jurisdiction of up to \$10.00 per low-income subscriber per month, which can consist of a baseline amount of between \$3.50 and \$6.50 (Tier One),³⁴ an additional \$1.75 per subscriber if the state commission authorizes a reduction in local rates equal to that amount (Tier Two), and up to an additional \$1.75 from the mechanism if the state provides support for the low-income subscriber as well (Tier Three).³⁵ Further, up to an additional \$25 per low-income subscriber per month is available

³² See 47 C.F.R. § 54.201.

³³ 47 C.F.R. §§ 54.401 - 54.417.

³⁴ Tier One support, which compensates the carrier for not charging the subscriber line charge (SLC) to eligible low-income customers, ranges from \$3.50 to \$6.50. See Interstate Access Order at ¶ 70 (permitting the baseline subscriber line charge to increase for price cap carriers from \$3.50 to \$4.35 effective July 1, 2000, and to increase again from \$4.35 to \$5.00 effective July 1, 2001); MAG Order at ¶ 42 (permitting rate-of-return carriers to increase their baseline subscriber line charge to \$5.00 effective January 1, 2002); Cost Review Proceeding for Residential and Single-Line Business Subscriber Line Charge (SLC) Caps, Access Charge Reform, and Price Cap Performance Review for Local Exchange Carriers, CC Docket Nos. 96-262, 94-1, Order, FCC 02-161 (rel. June 5, 2002) (2002 SLC Order) (authorizing an increase in the baseline subscriber line charge for price cap and rate-of-return carriers to \$6.00, effective July 1, 2002, and to \$6.50, effective July 1, 2003).

³⁵ Tier Three support is equal to one-half of a state-funded amount up to \$3.50. For example, if a carrier operating in a state that has a matching program that provides \$3.50 in support through the matching program reduces its intrastate rates by \$10.00 for low-income customers, the customer would experience a total monthly rate reduction of \$13.50 (\$3.50 in interstate charges and \$10.00 in intrastate charges) of which \$10.00 would be funded from the federal jurisdiction and \$3.50 from the state matching program.

to eligible residents of tribal lands (Tier Four).³⁶

For 1Q2010, USAC projects \$291.41 million will be required for Lifeline support. Based on this projection, total annual 2010 Lifeline support is estimated to be \$1,165 million.

LINK UP AMERICA

Link Up support compensates ETCs up to \$30 per eligible subscriber for revenue foregone in offering discounted service initiation fees to qualified low income individuals.³⁷ The *Tribal Order* authorized additional Link Up support of up to \$70 per qualified low income subscriber residing on eligible tribal lands.³⁸ For 1Q2010, USAC projects that \$15.05 million will be required for Link Up support. Based on this projection, total annual 2010 Link Up support is estimated to be \$60.21 million.

TOLL LIMITATION SUPPORT

Toll Limitation Support (TLS) compensates ETCs for providing voluntary toll-limitation service based on the carrier's incremental cost of providing toll-limitation services. The Commission has defined these costs as the costs that carriers otherwise would not incur if they did not provide toll-limitation service to a given customer.³⁹ Toll limitation consists of toll blocking, which permits consumers to elect not to allow the completion of outgoing toll calls, and toll control, which allows consumers to specify a certain amount of toll usage that may be incurred per month or per billing cycle.⁴⁰ For 1Q2010, USAC projects

that \$3.51 million will be required for TLS. Based on this projection, total annual 2010 TLS is estimated to be \$14.03 million.

LOW INCOME SUPPORT MECHANISM SUMMARY

The estimated 1Q2010 Low Income Support Mechanism funding requirement is \$309.97 million, which includes \$291.41 million for Lifeline, \$15.05 million for Link Up, and \$3.51 million for Toll Limitation Service. Results of 3Q2009 contribute to an under-funded condition, for which this filing proposes to adjust the 1Q2010 funding requirement. The total adjustment to the 1Q2010 funding requirement based on actual results will increase the funding needed by \$45.23 million. The explanation for the adjustment is described in the following table:

Reason for the Prior Period Adjustment	Adjustment in Millions
The 3Q2009 billings were lower than the projected revenues	
reported by contributors in their quarterly revenue projections	
due to the annual actuals/quarterly revenue estimate true-up

The total fund requirement of \$309.97 million, increased by the prior period

adjustment of \$45.23 million, increased for administrative expenses of \$1.10 million, and decreased by projected interest income of \$0.05 million, results in a total projected funding requirement for the Low Income Support Mechanism for 1Q2010 of \$356.25 million.

⁴¹ USAC performs an annual true-up of actual administrative expenses in its July or November Fund Size Projections Filing submitted to the Commission, depending on when the USAC Board of Directors approves the USAC annual financial audit. This true-up excludes the Schools and Libraries Support Mechanism because that program's administrative expenses are included in its annual funding cap.

RURAL HEALTH CARE SUPPORT MECHANISM

Following is a summary of Rural Health Care Support Mechanism commitments and disbursements for Funding Years 2004-09 as of September 30, 2009. Prior funding years are closed.

FUNDING YEAR 2004

Funding Year 2004 began on July 1, 2004 and ended on June 30, 2005. As of September 30, 2009, a total of 2,945 FCC Form 465s were posted. In addition, a total of 4,739 FCC Form 466 packets⁴² and 466-A packets were received.

As of September 30, 2009, funding commitments have been issued totaling \$32.12 million. Based on information provided by applicants, USAC now estimates Funding Year

⁴² The term "packet" is used to describe the basic Rural Health Care Program application processing unit. An applicant may request support for up to four segments of a multi-billed circuit on the FCC Form 466. Each segment of the circuit is processed as one packet. A Form 466-A constitutes one packet for USAC tracking purposes.

2004 demand will be \$30.96 million. The Commission previously authorized collection of \$30.96 million for Funding Year 2004.

Authorized funding by applicant during 3Q2009 and disbursements made to service

providers during 3Q2009 are listed in Appendices RH01 and RH02, respectively.

FUNDING YEAR 2005

Funding Year 2005 began on July 1, 2005 and ended on June 30, 2006. As of

September 30, 2009, a total of 3,449 FCC Form 465s were posted and 5,549 packets were

received. Applications increased in Funding Year 2005 due to the one time provision of

Rural Health Care support under the Hurricane Katrina Relief Order.⁴³

The status of Funding Year 2005 packets is provided in the following table:

As of September 30, 2009, funding commitments have been issued totaling \$41.54 million. Based on information provided by applicants, USAC now estimates Funding Year 2005 demand will be \$40.76 million. The Commission previously authorized collection of \$40.97 million for Funding Year 2005. Considering the revised demand estimate for

Oct. 14, 2005) (Katrina Order). In addition, the Commission had previously taken steps to provide relief to parties affected by Hurricane Katrina by extending deadlines and modifying recordkeeping and other USF procedural requirements. See Schools and Libraries Universal Service Support Mechanism, Rural Health Care Support Mechanism, Lifeline and Link-Up, Federal-State Joint Board on Universal Service, CC Docket No. 02-6, WC Docket Nos. 02-60, 03-109, CC Docket No. 96-45, DA 05-2484 (rel. Sept. 21, 2005).

Funding Year 2005, USAC recommends the Commission decrease collections for Funding Year 2005 by \$0.21 million in 1Q2010.

Authorized funding by applicant during 3Q2009 and disbursements made to service providers through 3Q2009 are listed in Appendices RH03 and RH04, respectively.

FUNDING YEAR 2006

Funding Year 2006 began on July 1, 2006 and ended on June 30, 2007. The filing window for Funding Year 2006 opened on March 13, 2006.

On September 29, 2006, the FCC released an order establishing a new two-year Rural Health Care Support Mechanism Pilot Program for Funding Years 2006 and 2007 to cover "up to 85 percent of an applicant's costs of deploying a dedicated broadband network."⁴⁴ The application window for the Pilot Program opened on March 8, 2007 and closed on May 7, 2007.⁴⁵ On November 19, 2007, the FCC released an order increasing the number of funding years to three for the Pilot Program and awarding \$417.78 million in support to 69 applications over funding years 2007, 2008 and 2009.⁴⁶ Support under the Pilot Program is capped at \$139.26 million in each of the three funding years. The Commission stated that monies collected in funding year 2006 for the Pilot Program should be applied to Funding Year 2007,⁴⁷ resulting in \$54.44 million of funds collected for Funding Year 2006 being reallocated to Funding Year 2007.

The status of Funding Year 2006 packets is provided in the following table:

As of September 30, 2009, funding commitments have been issued totaling \$46.34 million. Based on information provided by applicants, USAC now estimates Funding Year 2006 primary program demand will be \$45.38 million. The Commission previously authorized collection of \$45.38 million for Funding Year 2006.

Funding commitments made during 3Q2009 are included in Appendix RH05. Authorized funding by applicant during 3Q2009 and disbursements made to service providers during 3Q2009 are listed in Appendices RH06 and RH07, respectively.

FUNDING YEAR 2007

Funding Year 2007 began on July 1, 2007 and ended on June 30, 2008. The filing window for Funding Year 2007 opened on March 12, 2007. As of September 30, 2009, a total of 3,564 Form 465s were posted and 6,737 packets were received.

In accordance with the instructions in a January 17, 2008 letter from the Chief of the FCC Wireline Competition Bureau allowing Pilot Program participants to roll forward support not used in one year to a subsequent funding year, USAC previously rolled-forward \$138.73 in uncommitted Pilot Program funds not used in Funding Year 2007 to Funding Year 2008. USAC is rolling forward \$0.05 million in uncommitted 2007 funds to Funding Year 2009. Funding Year 2007 Pilot Program demand has decreased by \$0.02 million due to a decommitment and is now estimated to be \$0.47 million. Considering the revised Pilot Program demand estimate for Funding Year 2007, USAC recommends the Commission decrease collections for Funding Year 2007 of the Pilot Program by \$0.02 million in 1Q2010.

As of September 30, 2009, funding commitments have been issued totaling \$55.92 million. Based on information provided by applicants, as of September 30, 2009, USAC estimates Funding Year 2007 primary program demand will be \$55.04 million. The Commission previously authorized collection of \$54.99 million for Funding Year 2007. Considering the revised primary program demand estimate for Funding Year 2007, USAC recommends the Commission increase collections for Funding Year 2007 of the primary program by \$0.05 million in 1Q2010.

USAC projects, therefore, that \$0.03 million will be required in total collection from USF contributors for Funding Year 2009 in 1Q2010.

Funding commitments made during 3Q2009 are included in Appendix RH08. Authorized funding by applicant during 3Q2009 and disbursements made to service providers during 3Q2009 are listed in Appendices RH09 and RH10, respectively.

FUNDING YEAR 2008

Funding Year 2008 began on July 1, 2008 and ended on June 30, 2009. The window for Funding Year 2008 opened on April 8, 2008.

In accordance with the instructions in a January 17, 2008 letter from the Chief of the FCC Wireline Competition Bureau allowing Pilot Program participants to roll forward support not used in one year to a subsequent funding year, USAC is rolling forward \$261.31 million in uncommitted Pilot Program funds from Funding Year 2008 to Funding Year 2009.

Based on information provided by applicants, as of September 30, 2009, USAC estimates Funding Year 2008 primary program demand will be \$61.15 million. The Commission previously authorized collection of \$60.95 million for Funding Year 2008. Considering the revised regular program demand estimate for Funding Year 2008, USAC recommends the Commission increase collections for Funding Year 2008 by \$0.20 million.

Funding commitments made during 3Q2009 are included in Appendix RH11. Authorized funding by applicant during 3Q2009 and disbursements made to service providers during 3Q2009 are listed in Appendices RH12 and RH13, respectively.

FUNDING YEAR 2009

Funding Year 2009 began on July 1, 2009 and will end on June 30, 2010. The window for Funding Year 2009 opened on April 9, 2009.

23

Based on information provided by applicants, as of September 30, 2009, USAC estimates Funding Year 2009 primary program demand will be \$67.83 million, while Pilot Program demand is projected to reach the \$139.26 million annual cap, plus \$261.36 million rolled forward from Funding Years 2007 and 2008.

USAC recommends that the Commission authorize collection from USF contributors for the Rural Health Care Support Mechanism of one-fourth of the estimated primary program demand or \$16.92 million plus one-fourth of the Pilot Program's \$139.26 million annual cap in 1Q2010. USAC projects, therefore, that \$51.74 million will be required in total collection from USF contributors for Funding Year 2009 in 1Q2010.

Funding commitments made during 3Q2009 are included in Appendix RH14.

RURAL HEALTH CARE SUPPORT MECHANISM SUMMARY

The estimated 1Q2010 Rural Health Care Support Mechanism demand requirement is \$51.76 million (\$51.74 million for Funding Year 2009, plus \$0.20 million for Funding Year 2008, plus \$0.03 million for Funding Year 2007, minus \$0.21 million).

The results of 3Q2009 contributed to an under-funded condition for which this filing proposes to adjust the 1Q2010 funding requirements. The total adjustment to the 1Q2010 funding requirement based on actual results will increase the funding needed by \$3.17 million. The explanation for the adjustment is provided in the following table:

Reason for the Prior Period Adjustment	Adjustment in Millions
The 3Q2009 billings were lower than the projected revenues	
reported by contributors in their quarterly revenue projections	
due to the annual actuals/quarterly revenue estimate true-up	
that is performed during the 3rd quarter. In this most recent	
review, actual revenue was lower than what USF contributors	
had projected over 2008, and a credit was issued that reduced

2008 administrative expenses true-up.48	(0.08)
Total Prior Period Adjustment	\$3.17

The total fund requirement of \$51.76 million, increased by the prior-period

adjustment of \$3.17 million, increased for administrative expenses of \$2.59 million, and

decreased by projected interest income of \$0.31 million, results in a total projected funding

requirement for the Rural Health Care Support Mechanism for 1Q2010 of \$57.21 million.

SCHOOLS AND LIBRARIES SUPPORT MECHANISM

Following is a summary of Schools and Libraries Support Mechanism net

commitments⁴⁹ and net authorized for payment⁵⁰ by funding year as of September 30, 2009.

⁴⁸ USAC performs an annual true-up of actual administrative expenses in its July or November Fund Size Projections Filing submitted to the Commission, depending on when the USAC Board of Directors approves the USAC annual financial audit. This true-up excludes the Schools and Libraries Support Mechanism because that program's administrative expenses are included in its annual funding cap.

⁴⁹ Net Commitments are the amount of total funding commitments (including appeals, less funding commitment adjustments (COMADs) and other recaptures) reduced by the remaining dollar amount of commitments that had not been fully disbursed by their invoicing deadline.

⁵⁰ Net authorized for payment is the amount of total approved invoices less any returned funds.

SCHOOLS AND LIBRARIES SUPPORT MECHANISM SUMMARY

In a series of actions from December 1999 through December 2002, the Commission used a net total of \$477.16 million of undisbursed Funding Year 1998 Schools and Libraries Support Mechanism funds to reduce USF collection requirements. Consistent with the Commission's direction in the Schools and Libraries First Report and Order, a total of \$852.12 million of undisbursed Funding Years 1999 and 2000 collections were used to stabilize USF contributions and offset collections for 3rd Quarter 2002 (3Q2002), 4th Quarter 2002 (4Q2002), and 1st Quarter 2003 (1Q2003).⁵¹

In the *Schools and Libraries Third Report and Order and Second Further Notice of Proposed Rulemaking*, the Commission amended its rules to allow unused funds from prior funding years to be carried forward on an annual basis in the second quarter of each calendar year for use in the next full funding year.⁵² The Commission required USAC to file quarterly estimates of unused funds from prior funding years in submitting its projection of Schools and Libraries Support Mechanism demand for the upcoming quarter. The Commission modified the schedule to implement the process for Funding Year 2003 and directed USAC to carry forward \$420 million of unused prior year funds for use in Funding Year 2003.⁵³ In accordance with the *Schools and Libraries Third Report and Order*, the Commission announced that \$150 million in unused funds from Funding Year 2001 would be carried forward to increase disbursements to schools and libraries in Funding Year 2004.⁵⁴

⁵⁴ See Schools and Libraries Universal Service Support Mechanism, CC Docket No. 02-6, Carryover of Unused Funds for Funding Year 2004, DA 04-1848 (June 28, 2004).

On June 11, 2007, the Commission instructed USAC to carry forward \$650 million in unused funds to Funding Year 2007.⁵⁵ The funds were carried forward from Funding Years 2001, 2002, 2003 and 2004 in the amount of \$50 million, \$300 million, \$150 million and \$150 million, respectively. On June 23, 2008, the Commission instructed USAC to carry forward \$600 million in unused funds to Funding Year 2008.⁵⁶ The funds were carried forward from Funding Years 2002, 2003 and 2004 in the amount of \$150 million, \$200 million and \$250 million, respectively. On July 31, 2009, the Commission instructed USAC to carry-forward \$900 million in unused funds to Funding Year 2009.⁵⁷ The funds were carried-forward from Funding Years 1999, 2001, 2002, 2003, 2004, 2005, and 2006 in the amount of \$25 million, \$60 million, \$210 million, \$275 million, \$200 million, and \$70 million, respectively.

The following sections provide information regarding the use of funds for each funding year, including adjustments made by the Commission and projections of unused funds as required by Commission rules.

Funding Year 1998 True-Up

As of September 30, 2009, \$1,398.94 million of Funding Year 1998 support had been authorized for disbursement. USAC estimates that a contingency amount of \$7.11 million should be reserved to pay appeals pending at the Commission and to pay invoices on Funding Year 1998 funding requests that may be granted extended invoice deadlines pursuant to Commission orders. Given these requirements and to preserve the contingency

Funding Year 2005 True-Up

As of September 30, 2009, \$1,569.18 million of Funding Year 2005 support had been authorized for disbursement. USAC's projection of the remaining Funding Year 2005 funds includes estimates of funds needed to pay additional disbursements on committed funding requests and disbursements on requests that have not yet received funding commitments, as well as a contingency reserve to pay pending appeals and to make disbursements on Funding Year 2005 funding requests that may be granted extended invoice deadlines pursuant to Commission orders. Given these requirements and to preserve the contingency amounts, USAC estimates that \$50.00 million of Funding Year 2005 funds are available to carry forward. The estimated remaining Funding Year 2005 balance is based on the following:

FUNDING YEAR 2005	Amounts in Millions
Amount Authorized and Actually Collected	\$2,250.00
Amount Authorized for Disbursement	(1,569.18)
Amount Carried Forward to Funding Year 2009	(200.00)
Administrative Expenses	(64.99)
Potential Additional Disbursements on Committed FRNs	(127.40)
Remaining Uncommitted Requests	(109.94)
Contingency Amount for Pending Appeals and Invoice	
Deadline Extension Requests	(128.49)
Estimated Remaining Balance	\$50.00

Funding Year 2006 True-Up

As of September 30, 2009, \$1,517.01 million of Funding Year 2006 support had been authorized for disbursement. USAC's projection of the remaining Funding Year 2006 funds includes estimates of funds needed to pay additional disbursements on committed funding requests and disbursements on requests that have not yet received funding commitments, as well as a contingency reserve to pay pending appeals and to make disbursements on Funding Year 2006 funding requests that may be granted extended invoice deadlines pursuant to Commission orders. Given these requirements and to preserve the contingency amounts, USAC estimates that \$150.00 million of Funding Year 2006 funds are available to carry forward. The estimated remaining Funding Year 2006 balance is based on the following:

FUNDING YEAR 2006	Amounts in Millions
Amount Authorized and Actually Collected	\$2,250.00
Amount Authorized for Disbursement	(1,517.01)
Amount Carried Forward to Funding Year 2009	(70.00)

Potential Additional Disbursements on Committed FRNs	(72.26)
Remaining Uncommitted Requests	(233.01)
Contingency Amount for Pending Appeals and Invoice	
Deadline Extension Requests	(126.98)
Estimated Remaining Balance	\$150.00

Funding Year 2007 True Up

As of September 30, 2009, \$1,726.17 million of Funding Year 2007 support had been authorized for disbursement. USAC's projection of remaining Funding Year 2007 funds includes estimates of funds needed to pay additional disbursements on committed funding requests and disbursements on requests that have not yet received funding commitments, as well as a contingency reserve to pay pending appeals and to make disbursements on funding requests that may be granted extended invoice deadlines pursuant to Commission orders. Given these requirements and to preserve the contingency amount, USAC estimates that \$150.00 million of Funding Year 2007 funds are available to carry forward. The estimated remaining Funding Year 2007 balance is based on the following:

FUNDING YEAR 2007	Amounts in Millions
Amount Authorized and Actually Collected	\$2,250.00

2003 and 2004	650.00
Administrative Expenses	(81.24)
Potential Additional Disbursements on Committed FRNs	(356.09)
Remaining Uncommitted Requests	(218.78)
Contingency Amount for Pending Appeals and Invoice	
Deadline Extension Requests	(367.72)
Estimated Remaining Balance	\$150.00

Funding Year 2008 True Up

As of September 30, 2009, \$1,068.35 million of Funding Year 2008 support had been authorized for disbursement. USAC's projection of remaining Funding Year 2008 funds includes estimates of funds needed to pay additional disbursements on committed funding requests and disbursements on requests that have not yet received funding commitments, as well as a contingency reserve to pay pending appeals and to make disbursements on funding requests that may be granted extended invoice deadlines pursuant to Commission orders. Given these requirements and to preserve the contingency amount, USAC estimates that no Funding Year 2008 funds are available to carry forward. The estimated remaining Funding Year 2008 balance is based on the following:

FUNDING YEAR 2008	Amounts in Millions
Amount Authorized and Actually Collected	\$2,250.00
Amount Authorized for Disbursement	(1,068.35)

1Q2010 Demand Estimate and Contribution Requirement

USAC changed the accounting methodology for the USF to generally accepted accounting principles for federal agencies on October 1, 2004 to comply with the Commission's order of October 3, 2003.⁵⁸ Commission staff subsequently determined that Funding Commitment Decision Letters (FCDLs) for the Schools and Libraries Support Mechanism are to be treated as "obligations" for federal budgetary accounting purposes and subject to the requirements of the Antideficiency Act (ADA).⁵⁹ The ADA generally requires that sufficient unobligated resources be available before an obligation can be incurred. Congress exempted the USF from the requirements of the ADA through December 31, 2009.⁶⁰

To reduce the USF cash reserve that has accumulated primarily because the structure of the program necessarily results in significant time lags between the commitments and

actual disbursements while at the same time retaining the ability for the USF to satisfy all outstanding commitments based on historic disbursement patterns, the Commission applied a total of \$550 million of the undisbursed USF balance from prior years against Schools and Libraries Support Mechanism demand in 2004. The Commission applied \$200 million of the cash balance in both Second Quarter and Third Quarter 2004, and \$150 million in Fourth Quarter 2004.⁶¹

Based on the level of applicant demand in Funding Year 2009, which exceeds the annual funding cap of \$2.25 billion, USAC requests authority to collect an amount to provide \$562.50 million in funding for 1Q2010, which is one-quarter of the \$2.25 billion annual cap on federal universal service support for schools and libraries. Results for 3Q2009 contribute to an under-funded condition for which this filing proposes to adjust the 1Q2010 requirements. The total adjustment to the 1Q2010 fund requirement based on actual results will increase the funding needed by \$36.48 million. The explanation for the adjustment is provided below.

Reason for the Prior Period Adjustment	Adjustment in Millions
The 3Q2009 billings were lower than the projected revenues	
reported by contributors in their quarterly revenue	
projections due to the annual actuals/quarterly revenue	
estimate true-up that is performed during the 3rd quarter. In	
this most recent review, actual revenue was lower than what	
USF contributors had projected over 2008, and a credit was	
issued that reduced billings significantly.	\$35.09
Interest income was lower than estimated for 3Q2009.	4.84
Bad debt expense was lower than anticipated.	(3.45)
Total Prior Period Adjustment	\$36.48

The fund requirement of \$562.50 million, which includes administrative expenses of

\$18.19 million, increased by a prior-period adjustment of \$36.48 million, reduced by

⁶¹ As stated in its January 31, 2004, Federal Universal Service Support Mechanisms Fund Size Projections for the Second Quarter 2005, and in its subsequent quarterly filings, USAC will continue to consult with the Commission as appropriate concerning the necessity and timing of any recovery of this \$550 million.

projected interest income of \$4.01 million, results in a projected collection requirement of \$594.97 million for the Schools and Libraries Support Mechanism for 1Q2010.

CONTRIBUTION BASE

USAC collects quarterly interstate and international revenue information from carriers on FCC Form 499-Q four times each year. USAC uses this information to determine aggregate projected revenue collections, which are filed with the Commission on March 2, June 1, September 1, and December 2 each year.⁶² Based on these filings, the Commission establishes the contribution factor for the upcoming quarter.

The quarterly USF contribution factor established by the Commission is derived from projections of USF demand calculated by USAC and projected collected revenue submitted by contributors on FCC Form 499-Q and aggregated by USAC. The total USF funding requirement is based on many inputs and is the result of the manner in which the programs operate pursuant to Commission rules. Inputs include actual program demand, which changes quarterly, adjustments resulting from events that occur in prior periods but are reported to USAC in the current period, and reconciliation of projections from prior periods to actual results reported by program participants (i.e., prior period adjustments). Other inputs include USAC administrative expenses and the impact of interest income earned on USF funds USAC invests in United States Treasury securities. The USF contribution base is different each quarter due to changes in carrier revenue projections, which among other things are subject to changing business cycles, and changes to requirements concerning the revenue to which the USF assessment applies (e.g., adding or

⁶² See 47 C.F.R. § 54.709(a)(3). The Form 499-Q includes a box for each of the quarterly filing submissions. Carriers check the appropriate box to indicate the quarter for which revenue information is being reported. See also, 47 C.F.R. §§ 54.706, .708, .711 and .713 for contributor reporting requirements.

subtracting certain types of services to the contribution base due to rule changes or other Commission activity). Because of the combined influence of these many factors, nearly all of which change each quarter based on the manner in which the Commission rules operate and the programs are administered, the quarterly contribution factor established by the Commission derived from these USAC-submitted inputs can fluctuate substantially from quarter to quarter. Thus, comparisons to preceding or prior year quarters should be made with caution and predicting trends based on such comparisons may not provide a basis for meaningful analysis.

Approximately 6,195 FCC Form 499-Q notifications were distributed to carriers in early October 2009. Interstate telecommunications service providers are required to complete this form, reporting January - March 2010 projected revenue information, and return it to USAC by November 1, 2009. USAC invoices and receives contributions from more than 2,500 telecommunications companies each month.

USAC continues to assist the Commission in its USF collection enforcement efforts, including providing documentation on a monthly basis to assist the Commission in issuing Notices of Apparent Liability (NALs) and forfeiture orders against delinquent contributors and companies failing to file required forms. USAC transfers to the Commission amounts owed to the USF that are 90 days delinquent after USAC has provided delinquent contributors with the notice required under Commission rules and the Debt Collection Improvement Action (DCIA).⁶³ Upon receipt of the outstanding debts, the Commission provides delinquent contributors with notice advising them of their USF debt and the possibility of further enforcement activities pursuant to the DCIA and/or by the Commission's Enforcement Bureau. If a delinquent contributor fails to respond to the

^{63 31} U.S.C. §§ 3701 et seq.

Commission's request for payment, the delinquent account is typically forwarded to the United States Treasury Department for collection.

USAC implemented the Red Light Rule on November 1, 2004 for contributor debts to the USF.⁶⁴ If a contributor is delinquent to the USF, USAC performs administrative offsets to resolve the delinquency by netting any pending service provider disbursements where the Service Provider Identification Number (SPIN) shares the same Taxpayer Identification Number (TIN) as the delinquent contributor. If an entity is delinquent on a debt owed to the Commission, USAC places administrative holds on any disbursements for SPINs that share the same TIN until the Commission provides information stating that the debt has been satisfied. USAC continues to work closely with the Commission and stakeholders affected by the Red Light Rule implementation.

AUTHORIZATION TO FILE WITH THE COMMISSION

At their October 26, 2009 meetings, USAC's High Cost & Low Income, Rural Health Care and Schools & Libraries Committees adopted resolutions authorizing USAC staff to file with the Commission the 1Q2010 projected support mechanism funding requirements described herein. At its October 27, 2009 meeting, the USAC Board of Directors adopted a resolution authorizing the inclusion of the projected 1Q2010 administrative expenses in this report to the Commission.

Respectfully submitted,
