FOR THE FIRST QUARTER 2013**

INTRODUCTION

The Universal Service Administrative Company (USAC) is the not-for-profit corporation appointed by the Federal Communications Commission (FCC or Commission) to administer the federal universal service funds (USF) and the four federal universal service support mechanisms: High Cost, Low Income, Rural Health Care, and Schools and Libraries.¹ USAC hereby submits the contribution base amount to be used for the first quarter of calendar year 2013 (1Q2013) in accordance with Section 54.709 of the Commission's rules.² USAC is filing this contribution base report pursuant to the Commission's order of December 13, 2002, updating the *Contribution Methodology*

Order issued on March 14, 2001.³ In the December 13, 2002 order, the Commission changed the universal service contribution base methodology to projected collected revenues rather than actual contributor revenues billed.⁴ On March 14, 2003, the Commission released an *Order and Second Order on Reconsideration*, which, *inter alia*, directed the Wireline Competition Bureau to announce the universal service contribution factor as a percentage rounded up to the nearest tenth of one percent.⁵ The Commission also directed the Wireline Competition Bureau to account for contribution factor rounding when calculating the “circularity” discount factor.⁶

Consistent with Commission regulations and orders, USAC filed the Federal Universal Service Support Mechanisms Fund Size and Administrative Cost Projections for 1Q2013 on November 2, 2012.

Mar. 14, 2003) (*Second Order on Reconsideration*) (“Although the Second Order on Reconsideration has not yet been published in the Federal Register and accordingly has not yet become effective, we expect it will be published before the start of the second quarter of 2003. Absent release of this Public Notice, the six-digit contribution factor announced on March 7, 2003 would be deemed approved by the Commission on March 21, 2003. However, the six-digit contribution factor would be inconsistent with the Second Order on Reconsideration. Therefore, the Bureau takes this limited action today to ensure the implementation of the Second Order on Reconsideration for the second quarter of 2003.”).

On June 23, 2006, the Commission issued an order realigning oversight responsibilities within the FCC for the USF, the universal service support mechanisms and USAC.⁷ Pursuant to that order, the FCC Office of the Managing Director is now responsible for calculating the quarterly contribution factor and issuing related public notices.⁸

Upon approval of the universal service support mechanisms quarterly funding requirements, projected administrative expenses, and the contribution base, the Commission will establish a quarterly contribution factor and a circularity factor.⁹ USAC will then bill contributors on a monthly basis for their individual obligations based on the approved contribution factor and circularity factor.¹⁰

CONTRIBUTION BASE

USAC collects interstate and international projected revenue information from carriers on the FCC Form 499-Q four times each year and submits aggregate information on a quarterly basis to the FCC.¹¹

Carriers also file the FCC Form 499-A (Form 499-A) in April of each year to report actual annual revenues from the prior year. USAC uses revenue data provided by carriers on the FCC Form 499-A to perform annual true-ups of actual revenue to the quarterly projected revenue data submitted by carriers on FCC Form 499-Q (Form 499-

Q) during the prior calendar year.¹² As necessary, USAC will refund or collect from carriers any over-payments or under-payments. As mandated by the Commission, if the combined quarterly revenues reported by a carrier on its Form 499-Qs are greater than those reported on its annual revenue report on Form 499-A, then a refund will be provided to the carrier based on an average of the two lowest contribution factors for the year.¹³ If the combined quarterly revenues reported by a carrier are less than those reported on its annual revenue report on Form 499-A, then USAC will collect the difference from the carrier using an average of the two highest contribution factors from that year.¹⁴

Carriers were required to file the Form 499-Q with 4Q2012 projected collected revenue information on or before November 1, 2012.¹⁵ By November 30, 2012, USAC is required to file revenue data with the FCC based on the November 1, 2012 carrier filings.¹⁶ The Commission will use the program demand data and the projected collected revenue to calculate the universal service contribution factor for 1Q2013.¹⁷ Following is the current Form 499-Q filing schedule:

Due Dates	Projected Collected Revenue for	Utilized to meet USF contributions
February 1, 2013	2Q: April – June 2013	2Q: April – June 2013
May 1, 2013	3Q: July – September 2013	3Q: July – September 2013
August 1, 2013	4Q: October – December 2013	4Q: October – December 2013
November 1, 2013	1Q: January – March 2014	1Q: January – March 2014

¹² In addition, carriers may file a revised Form 499-Q within 45 days of the original filing due date for that current quarter. See *Projected Collected Contribution Methodology Order* at ¶ 36.

¹⁷ *Id.* USAC files projected program demand data at least 60 days prior to the start of a quarter and total contribution base revenue data at least 30 days prior to the start of a quarter.

Telecommunications providers qualifying for the *de minimis* exemption from contribution requirements are not required to complete the Form 499-Q.¹⁸ However, for providers required to contribute to the universal service support mechanisms, the Form 499-Q must be submitted by the due date for each quarter listed above.¹⁹

***FIRST QUARTER 2013 PROJECTED COLLECTED REVENUE BASE
TO BE USED FOR FIRST QUARTER 2013 CONTRIBUTIONS***

The total projected collected interstate and international end-user revenue base to be used in determining the contribution factor for the Universal Service Support Mechanisms for 1Q2013 is: \$16,436,870,625.98. This amount was derived from FCC Form 499-Q notifications that were distributed to 6,245 carriers in early October 2012. Interstate telecommunications service providers were required to complete this form reporting January – March 2013 projected collected revenue information, and return it by November 1, 2012.²⁰ USAC has included complete revenue data from 3,862 carriers (2,882 contributors and 980 *de minimis* carriers).

The funding base for 1Q2013 is developed from the projected collected revenues for 1Q2013 that were reported by carriers in November 2012. As of November 21, 2012, USAC has yet to receive information from 183 non-*de minimis* telecommunications service providers that had previously submitted information to USAC. For the FCC's review of the 1Q2013 funding base for the support mechanisms, USAC includes estimated revenues based on prior submissions for those carriers that failed to submit a Form 499-Q.²¹
