- FCC Form 481 Content
- Supply Chain Certifications
- Fund-Specific Sections
- FCC Form 481 Resources
- Questions

FCC Form 481: Overview

Form 481 Overview: Requirements

- All eligible telecommunications carriers (ETCs) participating in High Cost and/or Lifeline programs must file Form 481 annually by Study Area Code (SAC).
- Form 481 collects financial and operational information used to validate carrier support.
 - State utility commissions also rely on Form 481 data to perform the annual certification of ETCs under their jurisdiction to be able to receive High Cost support.
- This year's filing is for program year 2025 because the information collected will be used for disbursements for 2025.
- The data filed is from 2023, which is the most recent full calendar year for which data is available.

Form 481 Overview: Requirements

- Among other data, the form gathers information about:
 - Carrier ability to function in emergency situations
 - Holding company, operating companies, affiliates and branding designations
 - Tribal lands engagement
 - Comparability of voice and broadband rates in rural and urban areas
 - Terrestrial backhaul
- Form 481 collects financial reports and full audited financial statements (including notes) from privately held ETCs.
- Form 481 also includes three supply chain certifications:
 - Carriers must certify that no universal service support is being used to purchase, rent, lease, obtain or maintain any equipment or services produced or provided by any company designated by the FCC as posing a national security threat to the integrity of communications networks or the communications supply chain.

Form 481 Overview: System

- USAC has added several enhancements to the 481 system to improve the user experience.
- The 481 system will automatically display only those sections that a carrier is required to complete, based on:
 - Type of carrier (Rate of Return, Price Cap, competitor)
 - Type of support received (CAF II Model, CAF II Auction, ACAM, RBE, etc.)
- The 481 system maintains a downloadable form template.
 - Carriers can download and review completed forms.
 - The enhanced form template does not include all sections. The new version only includes the sections relevant to the particular SAC.

FCC Form 481: Accessing the System and Creating a Filing

Form 481: Accessing the System

- Carriers can access the Form 481 system through USAC's E-file system
 - E-File is available at <https://forms.universalservice.org/portal/login>.
 - Click "Sign In" at the top of the USAC website (usac.org).

- Users must have a 481 entitlement. The carrier's 498 officer can assign the entitlement.
 - Form 481 SPO (Service Provider Officer): allows the user to enter and certify data.
 - Form 481 SPU (Service Provider User): allows the user to enter but not certify data (typically provided to users inside the carrier).
 - Form 481 SPA (Service Provider Agent): allows the user to enter but not certify data (typically provided to agents outside the carrier).

Form 481: Accessing the System

- If FCC Form 481 is not visible in the High Cost section of the E-File dashboard, the user may not have the necessary entitlement.
- Users should request entitlements from the carrier's 498 Officer.
- Form 498 Officers and/or 498 General Contacts should contact USAC about missing entitlements.

The screenshot shows the dashboard for Universal Service Administrative Co. The user is logged in as John.Putman_sq. The dashboard is titled "Dashboard" and features a "High Cost" section. The "High Cost" section is expanded, showing three items: "FCC Form 481", "FCC Form 690", and "54.314 Certifications". The "FCC Form 481" item is highlighted with a red oval. The "Upcoming Dates" section on the left lists three events: "05/11 2022 HCF Office Hours Webinar", "05/12 2022 PIA and Selective Review Process Webinar", and "05/17 2022 Webinar: Filing the FCC Form 481". A link "see full calendar" is provided below the dates. The "Help?" section on the right includes "Send us a message Click here" and "Call us (888) 641-8722".

High Cost

FCC Form 481 - The FCC Form 481 collects operational and financial information used to validate carrier support. All carriers that receive High Cost support (with the exception of carriers that only receive Mobility Fund support) must complete the form annually.

FCC Form 690 - The FCC form 690 collects data that USAC uses to validate that the recipient companies are meeting their performance obligations for Mobility Fund support. All carriers that receive Mobility Fund support must complete the form annually.

54.314 Certifications - State utility commissioners complete the 54.314 Certification annually to certify that High Cost support is used by eligible telecommunications carriers (ETCs) only for the provision, maintenance,

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

Part 54 of the Federal Communications Commission’s (FCC) rules authorize the FCC to collect the information requested in this form. Responses to the questions herein are required to obtain the benefits sought by this form. Failure to provide all requested information will delay processing or result in the form being returned without action. Information requested by this form will be available for public inspection. The data collected in the form will be used to validate the recipient companies’ support, if any, that they are eligible to receive from the high-cost support mechanism and/or the Lifeline and Link Up support mechanism. We have estimated that each response to this collection of information will take, on average, 20 hours for a high-cost recipient and 3 hours for a Lifeline-only recipient. Our estimate includes the time to read the instructions, look through existing records, gather and maintain the required data, and actually complete and review the form or response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0986 and 3060-0819), Washington, DC 20554. We will also accept your comments via the Internet if you send them to pra@fcc.gov. Please DO NOT SEND COMPLETED DATA COLLECTION FORMS TO THIS ADDRESS. Remember — you are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0986 for the high-cost form and OMB control number of 3060-0819 for the Lifeline form.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, P.L. 104-13, OCTOBER 1, 1995, 44 U.S.C. § 3507.

Form 481: Functionality in Emergency Situations

- Section 600 requires carriers to certify to their ability to function in emergency situations.
 - Indicate if the carrier has the ability to function in emergency situations.
 - Attach a document that describes the carrier's ability to meet this requirement.

Functionality in Emergency Situations (600)

The screenshot shows a web form titled "Functionality in Emergency Situations (600)". The form is divided into two main sections. The first section is titled "Certify" and contains the text "Certify compliance regarding ability to function in emergency situations (600)". Below this text are two radio buttons: "Yes" and "No". The second section is titled "Descriptive document for Functionality in Emergency Situations (610)" and contains a blue "Choose File" button. Below the button is the text "PDF only". At the bottom of the form, there are four buttons: "Back", "Save and Exit", "Validate", and "Continue".

Form 481: Operating Companies

- Section 800 collects information about carrier operating companies and affiliates.
 - The Reporting Carrier should be the name associated with the Study Area Code (SAC) connected to the filing.
 - The holding company name will be pre-populated if USAC has one on file.
 - Operating Company (812) is the name of the corporate operating company.
 - Carriers may attach a file listing any affiliates associated with the SAC completing this form. Affiliates that are designated as ETCs and their SACs, or that provide retail broadband internet access, should be included.

Form 481: Voice and Broadband Service Rate Comparability

- Section 1000 collects certifications that the carrier offers voice and broadband service at rates that are reasonably comparable to average urban rates.
 - Lines 1000 and 1010 collect information about voice rates.
 - Lines 1020 and 1030 collect information about broadband rates.
 - For lines 1010 and 1030, carriers are required to attach a description detailing either compliance or non-compliance
 - If the response to lines 1000 or 1020 is Not Applicable, lines 1010 or 1030 will not appear.
- Not all carriers will see both voice and broadband certifications.

Form 481: Certify Filing

- Carriers can certify by individual SAC or bulk certify multiple SACs.
- There are three supply chain certifications that must be completed. (More in next section of presentation)
 - Officers will indicate yes or no to certify compliance with these rules.
 - If a carrier indicates that it is not in compliance, an additional line will appear for the carrier to attach a copy of the FCC waiver or pending waiver request. Carriers that answer 'No' to 54.11 may be audited.
- Click the boxes under Accuracy Certifications to affirm the accuracy of the filing.
- Enter the officer's name and title under Signature and click the box to acknowledge that the digital signature is equivalent to a physical signature.
- Click "Certify" to complete the filing.

Certifications

Supply Chain Certifications

Section 54.9: Prohibition on the Use of Funds

I certify under penalty of perjury that no universal service support has been or will be used to purchase, obtain, maintain, improve, or otherwise support any equipment or services produced or provided by any company designated by the Federal Communications Commission as posing a national security threat to the integrity of communications networks or the communications supply chain since the effective date of the designations.

If **No** is selected, a waiver is required for each SAC which is not certified.

Yes No

Section 54.10: Prohibition on the Use of Certain Federal Subsidies

I certify that no federal subsidy made available through a program administered by the Commission that provides funds to be used for the capital expenditures necessary for the provision of advanced communications services has been or will be used to purchase, rent, lease, or otherwise obtain, any covered communications equipment or service, or maintain any covered communications equipment or service previously purchased, rented, leased, otherwise obtained, as required by 47 C.F.R. Section 54.10.

If **No** is selected, a waiver is required for each SAC which is not certified.

Yes No

Section 54.11: Requirements to Remove and Replace

Prior to answering, review section 54.11 of the Commission's rules (47 CFR Section 54.11). Answer Yes if either (1) you comply with section 54.11(a), meaning you do not use covered communications equipment or services, or (2) section 54.11(b) applies to you, meaning you are not yet subject to section 54.11(a) because you are a Reimbursement Program recipient with an unexpired removal, replacement, and disposal term per section 1.50004(h) of the Commission's rules (47 CFR Section 1.50004(h)). Answer No if you do not comply with section 54.11(a), meaning you do use covered communications equipment or services.

Yes No

Accuracy Certifications

Certify

I certify that I am an officer of the reporting carrier, my responsibilities include ensuring the accuracy of the annual reporting requirements for universal service support recipients; and, to the best of my knowledge, the information reported on this form and in any attachments is accurate.

I understand that making willful false statements in any part of this report and/or in these certifications is punishable by fine or imprisonment pursuant to 47 U.S.C. Sections 436(c), 503(b)(1)(B), and 18 U.S.C. Section 1001.

FCC Form 481: Supply Chain Certifications

Supply Chain Report and Order Overview

Service providers must submit annual supply chain certifications to USAC for each USF program in which they participate.

- The FCC issued the *Protecting the Communications Supply Chain Order* (FCC 19-121) in November of 2019. This order adopted 47 CFR **Section 54.9**, which:
 - States: “No universal service support may be used to purchase, obtain, maintain, improve, modify, or otherwise support any equipment or services produced or provided by any company posing a national security threat to the integrity of communications networks or the communications supply chain.”
 - Creates a process for the FCC’s Public Safety and Homeland Security Bureau (PSHSB) to designate companies subject to this prohibition.
- Section 54.9 went into effect on Jan. 3, 2020, and applies to all USF programs.
- In June of 2020, the PSHSB designated Huawei and ZTE as companies subject to the prohibition in Section 54.9.
- Carriers began certifying compliance with Section 54.9 on Form 481 on April 1, 2021.

Supply Chain Report and Order Overview

- The FCC issued the *Supply Chain Second Report and Order* (FCC 20-176) in December of 2020. This order adopted 47 CFR **Section 54.10**, which:
 - Prohibits the use of any “federal subsidy made available through a program administered by the Commission that provides funds to be used for the capital expenditures necessary for the provision of advanced communications service” to “purchase, rent, lease, or otherwise obtain any covered communications equipment or services” or “maintain any covered communications equipment or services previously purchased, rented, leased, or otherwise obtained.”
 - All USF programs are subject to this prohibition.
- Whereas Section 54.9 applies only to communications equipment and services produced or provided by Huawei or ZTE (as designated by the PSHSB), Section 54.10 applies to any communications equipment or services on the Covered List.
- The FCC released the initial Covered List (DA 21-309) in March of 2021.
 - The list included telecommunications equipment produced by Huawei, ZTE, Hytera, Hangzhou Hikvision and Dahua.
- Carriers began certifying compliance with Section 54.10 on Form 481 on April 1, 2022.

Supply Chain Report and Order Overview

- The FCC updated the Covered List ([DA 22-320](#)) on March 25, 2022, to include international telecommunications services provided by China Mobile International USA, Inc., and China Telecom (Americas) Corp., and information security products, solutions, and services supplied by AO Kaspersky Lab.
- The FCC updated the Covered List again ([DA 22-979](#)) on September 20, 2022, to include international telecommunications services provided by Pacific Network Corp and ComNet (USA) LLC, and China Unicom (Americas) Operations Limited.

Supply Chain Report and Order Overview

- The *Supply Chain Second Report and Order* also adopted 47 CFR **Section 54.11**, which:
 - Requires ETCs to submit a certification confirming that they do not use covered communications equipment or services in their networks.
 - “Covered communications equipment or services” are defined as any communications equipment or service that is both on the Covered List and defined in the 2019 Supply Chain Order, or designated by the process established in Section 54.9 of the FCC rules and designated by the PSHSB.
 - This currently means all communications equipment and services produced or provided by Huawei and ZTE.
- Carriers began certifying compliance with Section 54.11 on Form 481 on April 1, 2023.
- Participants in the Secure and Trusted Communications Networks Reimbursement Program – which reimburses carriers for reasonable expenses incurred in the removal, replacement, and disposal of prohibited network communications equipment and services – are not subject to this rule until after their applicable removal, replacement and disposal term expires.

Supply Chain Certifications in Form 481

- Service providers will see the following supply chain certifications included in the annual FCC Form 481 filing:
 - **Section 54.9:** I certify under penalty of perjury that no universal service support has been or will be used to purchase, obtain, maintain, improve, modify, or otherwise support any equipment or services produced or provided by any company designated by the Federal Communications Commission as posing a national security threat to the integrity of communications networks or the communications supply chain since the effective date of the designations.
 - **Section 54.10:** I certify that no Federal subsidy made available through a program administered by the Commission that provides funds to be used for the capital expenditures necessary for the provision of advanced communications services has been or will be used to purchase, rent, lease, or otherwise obtain, any covered communications equipment or service, or maintain any covered communications equipment or service previously purchased, rented, leased, or otherwise obtained.
 - **Section 54.11:** Carriers should answer Yes if either they complied with section 54.11(a) – meaning they did not use covered communications equipment or services – or section 54.11(d) applied to the carrier – meaning the carrier was not subject to section 54.11(a) because the carrier was a Reimbursement Program recipient with an unexpired removal, replacement, and disposal term per section 1.50004(h) of the Commission’s rules (47 CFR § 1.50004(h)). Carriers should answer No if they did not comply with section 54.11(a), meaning they did use covered communications equipment or services as defined in section 54.11(b).
- These certifications affirm compliance with the Sections 54.9, 54.10, and 54.11 prohibition on the use of USF support to purchase, obtain, maintain, improve, modify, operate, manage, or otherwise support equipment or services produced or provided by covered companies.
- **USAC conducts Supply Chain audits to verify carrier compliance with these rules.**

FCC Form 481: Fund Specific Sections

Form 481: Price Cap Data

- Section 2005 collects compliance certifications from Price Cap carriers. Only Price Cap carriers will see this section.
- Frozen High Cost Support recipients must certify that they used all support received in the previous year to build and operate broadband-capable networks used to offer retail broadband in areas substantially unserved by an unsubsidized competitor in accordance with 47 CFR Section 54.313(c)(4).
- Connect America Intercarrier Compensation (ICC) support recipients must certify that they used support received in the prior calendar year to build and operate broadband-capable networks used to offer service in areas substantially unserved by an unsubsidized competitor in accordance with 47 CFR Section 54.313(d).

Price Cap Data (2005)

Certify

Select the appropriate responses below to note compliance as a recipient of frozen High Cost support, High Cost support to offset access charge reductions set forth in 47 CFR 54.313(c),(d). The information reported on this form is accurate.

Form 481: Rural Broadband Experiment Data

- Section 4005 collects required data from carriers receiving Rural Broadband Experiment (RBE) support. Only carriers receiving RBE support will see this section.
- This section requires carriers to certify that they offer broadband service that meets the required public interest obligations established by the FCC, including:
 - Required speed
 - Latency and usage capacity
 - Rates that are reasonably comparable to rates for similar offerings in urban areas

Rural Broadband Experiment Data (4005)

Certify

Public Interest Obligations (4001)

Per FCC 14-98 (paragraphs 26-29 and 78), recipient certifies that it is offering broadband meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

Yes No

RBE Community Anchor Institutions (4003A)

Indicate if the carrier newly deployed broadband service to community anchor institution(s) in the previous calendar year.

Yes - Attach New Community Anchors No - No New Community Anchors

Form 481: Phase-Down Support Reporting

- Section 7005 collects required data from carriers receiving Frozen High Cost phase-down support. Only carriers receiving phase-down support will see this section.
- Carriers must indicate whether they used all phase-down support received in the previous year to provide voice service throughout the high-cost and extremely high-cost census blocks where they have ETC designation.
- ETCs must provide voice service in high cost areas at rates that are reasonably comparable to rates for similar offerings in urban areas.

Phase-Down Support Reporting (7005)

Certify

Price Cap Carrier and Fixed Competitive Eligible Telecommunications Carrier Transitional Support Requirement Certification. (7010)

This certification request applies to any price cap carrier or fixed competitive eligible telecommunications carrier that elects to continue receiving support pursuant to Section 54.312(d) or Section 54.307(e)(2)(iii) starting July 1, 2020, and annually thereafter on July 1 for each subsequent year they receive such support. These carriers must use this support throughout specific high-cost and extremely high-cost census blocks where they continue to have the federal high-cost ETC obligation to provide voice service pursuant to Section 54.201(d) at rates that are reasonably comparable to comparable offerings in urban areas. Per Section 54.313(m), does the carrier certify that they used all such support received in the previous year to provide voice service in compliance with the above obligation?

Form 481: Rural Digital Opportunity Fund Reporting

- Section 10005 collects information from Rural Digital Opportunity Fund (RDOF) recipients. Only RDOF carriers will see this section.
- RDOF participants must report:
 - Total amount of support used for capital expenditures.
 - Availability of funds.
 - Whether they provide service to community anchor institutions.
- Carriers should select Not Applicable when asked if they submit bids to provide Category One telecom and/or internet access services in response to Form 470 postings for schools or libraries seeking service (Line 10013). (Requirement to bid not active yet)
- Starting the first July 1 after a RDOF recipient meets its final service milestone until the July 1 after the support recipient's support term has ended, carriers must certify that the RDOF-funded network operated in the prior year offers broadband service with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas, at rates that are reasonably comparable to rates in urban areas, in accordance with 47 CFR Section 54.309.

Rural Digital Opportunity Fund Reporting (10005)

Certify RDOF

RDOF Capital Expenditures (10010)

Starting the first July 1 after receiving support until the July 1 after the recipient's support term has ended, recipients of Rural Digital Opportunity Fund support must submit the total amount of support, if any, the recipient used for capital expenditures in the previous calendar year. This is required by 47 C.F.R. Section 54.313(e)(2)(i)(B).

Box

RDOF Available Funds Certification (10011)

Please provide a response (either yes or no) to this certification request for any recipient of Rural Digital Opportunity Fund support that the recipient has available funds for all project costs that will exceed the amount of support that will be received for the next calendar year. This certification must be provided starting the first July 1 after receiving support until the recipient's penultimate year of support, as required by 47 C.F.R. Section 54.313(e)(2)(i).

Yes No

RDOF Community Anchor Institutions (10012A)

Recipients of Rural Digital Opportunity Fund support must attach a list containing the number, names, and addresses of community anchor institutions to which the eligible telecommunications carrier newly began providing access to broadband service in the preceding calendar year. This filing is required by 47 C.F.R. Section 54.313(e)(2)(i)(A).

Yes - Attach New Community Anchors No - No New Community Anchors

RDOF FCC Form 470 Postings (10013)

For the filing due July 1st following full implementation of this requirement, please provide a response (either yes, no, or not applicable) to this certification request. Recipients of Rural Digital Opportunity Fund must respond affirmatively that they bid on category one telecommunications and Internet access services in response to all FCC Form 470 postings seeking broadband service that meets the connectivity targets for the schools and libraries universal service support program for eligible schools and libraries (as described in Section 54.501) located within any area in a census block where the carrier is receiving Rural Digital Opportunity Fund, and that such bids were at rates reasonable comparable to rates charged to eligible schools and libraries in urban areas for Instructions for Completing FCC Form 481 OMB Control No. 3060-0986 (High-Cost) OMB Control No. 3060-0819 (Low-Income) November 2020 Page 44 comparable offerings. This filing is required by 47 C.F.R. Section 54.313(e)(2)(i)(C). This certification will not be required until the July 1st following the E-Rate program year that this obligation has been fully implemented. Modernizing the E-Rate Program for Schools and Libraries et al., WC Docket. Nos. 13-184, 10-90, 29 FCC Rcd 15538, 15566-67, para. 72 (2014).

Yes No Not Applicable

RDOF Post-Final Deployment Milestone Performance Certification (10014)

Starting the first July 1st after a Rural Digital Opportunity Fund recipient meets its final service milestone until the July 1st after the support recipient's support term has ended, please provide a response (either yes, no, or not applicable) that the Rural Digital Opportunity Fund-funded network that the support recipient operated in the prior year meets the relevant performance requirements in 47 C.F.R. Section 54.309. This filing is required by 47 C.F.R. Section 54.313(e)(2)(i)(D).
