Overview

Submitting the FCC Form 461

Competitive Bidding

What is a Request for Services?

- The HCP submits the FCC Form 461 to let service providers know what types of services and/or equipment are being requested.
- Service providers use the information on the FCC Form 461 to create a bid to provide those services.
- For the Healthcare Connect Fund (HCF) Program, the FCC Form 461 is the “Request for Services” form.

What is a Request for Services? (continued)

- The HCP and service provider may not enter into an agreement to purchase services until 28 days after the FCC Form 461 is posted.
 - The 28-day competitive bidding process begins the next full business day after the form is publicly posted.
 - After the 28-day period is complete, the HCP and service provider are welcome to sign a contract.
 - This day is called the **Allowable Contract Selection Date (ACSD)**.

Program Updates

Submitting the FCC Form 461

Reminder – FCC Order 23-110

- [FCC Order 23-110](#) improves RHC program administration and facilitates participation in the program by allowing health care providers that expect to become eligible during a funding year to complete the processes required to request funding.
- The order permits health care providers to be granted conditional eligibility, thus allowing them to initiate competitive bidding and request funding while awaiting a final eligibility determination.
 - USAC will implement the FCC Form 460 and 465 changes after the FCC receives Paperwork Reduction Act approval.
 - Conditional eligibility will also be deployed for the FCC Forms 461 and 465.
- The order adopts the FCC Form 460 for eligibility determinations in the Telecom Program, which will eliminate the need for Telecom Program participants to seek an eligibility determination every time they engage in competitive bidding.

Supply Chain Order

- As a reminder, when service providers login to My Portal and RHC Connect, they will see two new supply chain certifications included in the FCC Form 463 and Telecom Program invoice/FCC Form 469.
- The first certification affirms compliance with the [Section 54.9](#) prohibition on USF for specified transactions with companies deemed to pose a national security threat. The second certification affirms compliance with [Section 54.10](#), which prohibits the use of any Federal subsidies on any communications equipment and services on the [Covered List](#).
- **FY2024 Applicants:** If you requested services or equipment that contain components of products produced by any of the listed covered companies or their parents, affiliates or subsidiaries in FY2024, you cannot invoice for these funds. Instead, you should immediately request a [service substitution](#).
- **FY2025 Applicants:** As you proceed with competitive bidding, please ensure you are not requesting funding for services or equipment from listed covered companies or any of their parents, affiliates or subsidiaries.

Supply Chain

Since November 2019, the FCC has taken a number of actions to protect the national security of the United States, the security and safety of United States persons, and the integrity of communications networks or the communications supply chain. The FCC has also implemented the [Secure and Trusted Communications Networks Act of 2019](#). The FCC's actions can be found at www.fcc.gov/supplychain.

In November 2019, the FCC released the [Supply Chain First Report and Order](#) adopting a rule (47 CFR Section 54.9) which prohibits the use of Universal Service Fund (USF) support to purchase, obtain, maintain, improve, modify, operate, manage, or otherwise support equipment or services produced or provided by companies found to pose a national security threat to the integrity of communications networks or the communications supply chain.

Questions?

Competitive Bidding

Submitting the FCC Form 461

Competitive Bidding

- The purpose of competitive bidding is to allow all service providers an equal opportunity to understand the HCP's service requirements and offer the most cost-effective solution to address those needs.
- RHC program rules and FCC Orders require a fair and open competitive bidding process.

Competitive Bidding (continued)

- Service providers who plan to bid cannot assist with the preparation of the FCC Form 461, choose a winning bidder, or participate in the vendor selection process in any way.
- All potential bidders must have access to the same information about the service needs and must be treated in the same manner.
- All applicants and service providers must comply with all applicable state, Tribal, or local procurement laws.

Bid Evaluation Criteria

- The bid evaluation criteria is a list of weighted standards included in the FCC Form 461, that will be used to determine the most cost-effective bid.
- Applicants must disclose minimum requirements for each criterion.
- Each criterion is given a certain weight. The sum of these weights must equal 100.
- The bid evaluation criteria should address the needs of the HCP as indicated on the FCC Form 461 and be based on the FCC's definition of “cost-effective.”
- Price must be a primary factor but need not be the only primary factor.
- Although other factors may receive the same weight as price, no single factor can receive a weight that is greater than price.

Example of Evaluation Criteria

Bid Evaluation			
Select criteria (and weights assigned to each) that will be used to evaluate bids received as a result of this request for services.			
Criteria	Description (if 'Other')	Minimum Requirement	Weight (%)
Price			32%
Prior experience including past performance		If no experience with HCP, 3 references required	30%
Technical Support		24-hour support team	28%
Other	Account Management	Account Management - Dedicated account contact	10%

Examples of Evaluation Criteria

Bid evaluation criteria should include the factors that are most important to satisfy the needs and requirements of the HCP.

Criteria commonly included on the FCC Form 461 other than price are:

- Technical support;
- Quality of transmission;
- Reliability;
- Service provider to provide a single point of contact; and
- Prior experience, including past performance.

What is a Competitive Bidding Exemption?

- In some cases, the service needs or contract conditions allow the HCP to be exempt from competitive bidding.
- With a competitive bidding exemption, HCPs will not have to undergo competitive bidding and will not need to create evaluation criteria or collect bids from service providers.
- A competitive bidding exemption allows the HCP to skip the FCC Form 461 entirely and proceed directly to submitting a funding request.

Competitive Bidding Exemptions

- HCPs must meet one of the following criteria to be exempt from submitting the FCC Form 461 and participating in the competitive bidding process:
 - Purchasing services or equipment from a master service agreement (MSA) negotiated by a federal, state, Tribal, or local governmental entity on behalf of the HCP and others, and was awarded pursuant to applicable competitive bidding requirements;
 - Requesting support using contracts previously approved by USAC (MSA under the RHC Pilot Program or the HCF Program);
 - Using an active, multi-year contract designated as [evergreen](#) for the RHC program (exemption applies for the life of the contract); or
 - Using a contract approved under the Schools and Libraries (E-rate) program.
 - Seeking support for \$10,000 or less of total undiscounted eligible expenses for a single year under a contract with a term of one year or less.
- If the HCP does not meet any of the competitive bidding exemptions, the FCC Form 461 must be submitted, and the HCP must go through competitive bidding.

Evergreen Contracts

- HCPs are not required to file an FCC Form 461 or competitively bid for the life of a multi-year contract designated as [evergreen](#) under the HCF or Telecom Programs.
- A contract may be designated as evergreen if the contract meets all of the following requirements:
 - Both parties are identified;
 - Contract specifies the service type, bandwidth, and quantity;
 - Contract is signed and dated by the HCP or consortium leader after the Allowable Contract Selection Date (ACSD);
 - Contract specifies the term and cost of service(s); and
 - Contract includes the physical addresses of the HCP(s) purchasing from the contract.
- USAC must have designated the contract evergreen **prior** to submission of the funding request.

Site and Service Substitutions

- Site and service substitutions allow the HCP to reallocate un-invoiced committed funds to substitute the services, modify the services, or provide the requested services to other eligible sites.
- Substitutions allow the flexibility, for an HCP with an approved funding commitment, to spend all of the committed funds, even if the USAC-supported services or the service locations may change over the course of the commitment.
- An HCP may request a site or service substitution if:
 - The substitution is provided for, in the contract, within the change clause, or constitutes a minor modification;
 - The requested change is within the scope of the controlling Request for Services, including any applicable RFP used in the competitive bidding process; and
 - The substitution does not violate any contract provision or state, Tribal, or local procurement laws.
 - The site must be an eligible HCP and the service be an eligible service under RHC program rules.
- HCPs with month-to-month approved funding commitments may not utilize site and service substitutions as they did not apply with a contract.
- Site and service substitutions must be submitted by the service delivery deadline.
- Click here for more information about [site and service substitutions](#).

Requests for Proposal

- A [Request for Proposal](#) (RFP) is a comprehensive bidding solicitation that describes the business priorities and functional requirements of the HCP in sufficient detail to ensure an effective and fair and open competitive bidding process.
- Per FCC Order 19-78 an HCP is required to submit an RFP if:
 - (A) it is required under applicable state, Tribal, or local procurement rules or regulations;
 - (B) the HCP is a consortium seeking more than \$100,000 in program support during the funding year, including applications that seek more than \$100,000 in program support for a multi-year commitment; or
 - (C) the HCP is a consortium seeking support for participant-constructed and owned network facilities.

Requests for Proposal (continued)

- If the HCP chooses to include an [RFP](#), it must be submitted with the FCC Form 461 for USAC review and approval, and it should include, at a minimum:
 - A description of the service needs and a defined scope of the project and network costs (if applicable);
 - The number of days during which bids will be accepted (28 days or more);
 - Clearly delineated deliverables; and
 - The bid evaluation criteria, including the weight assigned to each criterion.
- The RFP should align with all of the data entered into the FCC Form 461 and provide more details.

Service Providers and Competitive Bidding

- Service providers are prohibited from preparing, signing, or submitting an HCP's FCC Form 461 or any other competitive bidding documents.
- Service providers are prohibited from being involved in developing the bid evaluation criteria or participating in the vendor selection process in any way.
- If it is determined that a service provider helped an HCP with its request for services and was subsequently chosen to provide services, the HCP will have committed a competitive bidding violation, and the funding request will be denied, and any funding payments will be subject to rescission.

Search Posted Services

How to use this Feature >

The Search Posted Services Tool allows service providers to view service request information provided by individual health care providers (HCPs) and consortia applying for funding through the Healthcare Connect Fund (HCF) Program.

Requests for services may include the following information:

- **Posting Start Date:** Date that the request for services is posted to this page.
- **Posting End Date:** Date that the request for service posting will expire - applicants are required to post for a minimum of 28 days but may choose to post for a period exceeding 28 days.
- **ACSD:** The Allowable Contract Selection Date (ACSD) is the date that the applicant can enter into a contract with the selected service provider.
- **Other Documentation:** Links to documents related to the request for services as submitted by the applicant, such as FCC Form 461, Request for Proposal (RFP), Network Plan. The FCC Form 461, the RFP and any additional documents uploaded, by the applicant, can be accessed using the hyperlinks in the columns with their respective names.

To search for requests for services, type the full or partial criteria in the appropriate box below.

The search results will show a summary of each HCP whose service request(s) match the search criteria entered, with options to view additional information. View more information about each HCP by clicking on the corresponding row in the search results. All supporting documentation will be available for download on this expanded view.

My Portal Landing Page

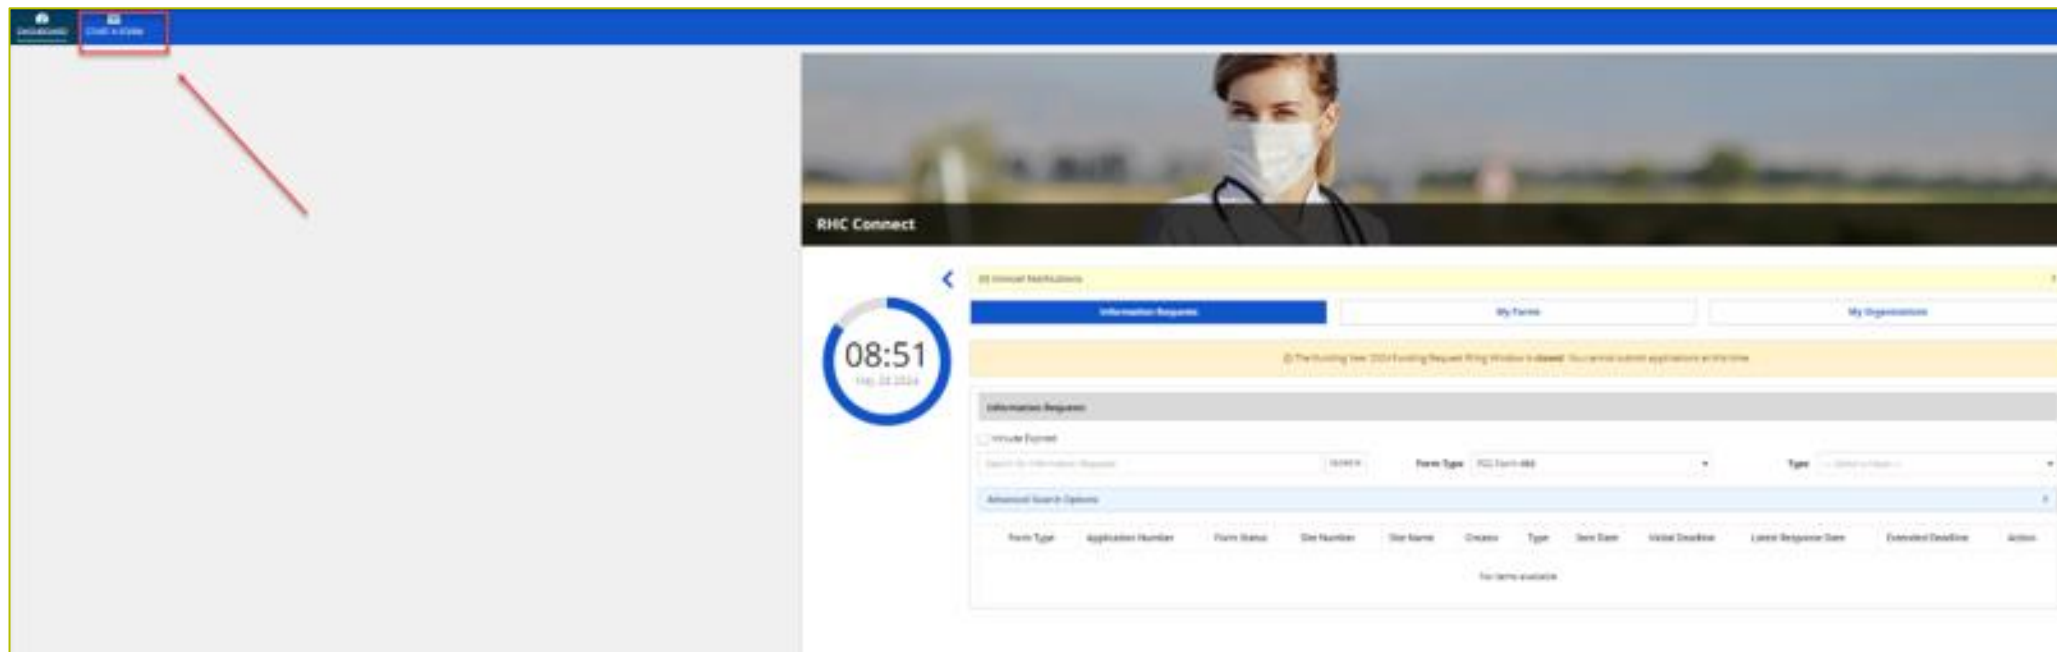

- Log into My Portal and click on **RHC Connect**.

The screenshot displays the 'Dashboard' page of the My Portal. At the top, there is a notification banner with an information icon and a close button, stating: 'In accordance with the Supply Chain orders, new certifications have been added to the following forms: RHC - FCC Form 463 and the Telecom invoice, E-rate - FCC Form 473, and High Cost & Lifeline - FCC Form 481. Service providers are required to submit these annual certifications. For additional information, visit the [USAC Supply Chain](#) page.'

The main content area is divided into three columns. The left column, titled 'Upcoming Dates', lists three events: '06/12 2024 Service Provider Training', '07/10 2024 FY2025 Kickoff Webinar', and '07/31 2024 HCF Consortium Best Practices Webinar'. The middle column, titled 'Rural Health Care', contains three sections: 'RHC Connect' (highlighted with a red box), 'RHC My Portal', and 'Connected Care Pilot Program'. The 'RHC Connect' section text reads: 'RHC Connect - Health care providers must use this section to create and submit forms for the Healthcare Connect Fund (HCF) Program for all required forms other than the FCC Form 460 for FY2022 and later, and the Telecommunications (Telecom) Program for the FCC Form 466 for FY2024 and later.' The 'RHC My Portal' section text reads: 'RHC My Portal - Health care providers must use this section to create and submit required forms for the Telecommunications (Telecom) Program for the FCC Form 465, the Connected Care Pilot Program (CCPP), the Healthcare Connect Fund (HCF) Program for the FCC Form 460 and all required forms for FY2021 and earlier, and the Telecommunications (Telecom) Program for the FCC Form 466 and Form 467 for FY2023 and earlier.' The 'Connected Care Pilot Program' section text reads: 'Connected Care Pilot Program - Health care providers must use this form to complete, certify, and submit their required Connected Care Pilot Program Annual Reports and Final Report.' The right column, titled 'Help?', includes 'Send us a message' with a 'Click here' link and 'Call us' with the number '(888) 641-8722'. At the bottom of the dashboard, there is a 'USAC Customer Service Portal' link with a dropdown arrow.

The screenshot shows the RHC Connect dashboard. At the top, there are navigation links for 'DASHBOARD' and 'START A FORM'. Below this is a banner image of a healthcare worker wearing a mask, with the text 'RHC Connect' overlaid. A circular clock shows the time as 15:39 on Jun 13, 2022. A notification bar indicates '(4) Unread Notifications'. Below the notification bar are three tabs: 'Information Requests', 'My Forms', and 'My Organizations'. The 'My Forms' tab is selected and highlighted with a red box. A message below the tabs states 'The Funding Year 2022 funding request filing window closes in 16 days.' Under the 'My Forms' section, there is a 'Form Type' dropdown menu with 'Form 461' selected, also highlighted with a red box. Below this is a search bar with the text 'Search Form 461s' and a 'SEARCH' button. A table displays the results of the search:

Best Practices and Resources

Submitting the FCC Form 461

Best Practices: Communicating with Your Service Provider

- Once your ACSD has passed and you've chosen a service provider, include them when you reply to Information Requests.
- Ensure your service provider is aware of all the necessary documentation needed for future steps in the application process.
- Include language in your bid documentation that confirms your service provider will act in compliance with all RHC program rules and FCC Orders.
- All bid correspondence should be handled via email for audit purposes.
- HCPs and service providers are required to retain documentation for a minimum of five years.

Milestones to Apply for Funding for FY2025: RHC Program Recommended Last Day to Submit for HCPs NOT using a Request for Proposal (RFP)
