# Funding Request Overview

HCF Program Funding Request  
Best Practices for FY2025

# RHC Program Application Process

# FY2025 Calendar

## Rural Health Care Program: **Funding Year 2025**

**FY2025: JULY 1, 2025-JUNE 30, 2026**

**JULY 1, 2024: First Day to Submit Request for Services Form**

- FCC Form 461 HCF Program
- FCC Form 465 Telecom Program
- Request for services must be posted to USAC's website by March 1, 2025

**DEC 1, 2024 - April 1, 2025: Funding Request Filing Window**

- FCC Form 462 HCF Program
- FCC Form 466 Telecom Program

**OCT 28, 2026: Invoice Filing Deadline**

- FCC Form 463 HCF Program
- Telecom Invoice

# What is a Funding Request?

- Once a service provider is selected, the next step is to submit a **funding request** to USAC to provide information about the services selected and certify that those services are the most cost-effective option of the offers received.
- Specifies the type of service(s) ordered, cost, name of service provider(s), and terms of the service agreement(s).
- Applicants submit their HCF funding request using an **FCC Form 462** (Funding Request Form).

# Who Must Submit a Funding Request

- All applicants requesting HCF Program funding must file a separate FCC Form 462 for each service provider for which funding is requested.
  - Multiple circuits can be included on one FCC Form 462 if it is for the same service provider.
  - Consortia applicants may file one FCC Form 462 for multiple HCPs if it is for the same service provider.

# When to Submit a Funding Request

- Funding Year (FY) 2025 Filing Window:
  - December 1, 2024 – April 1, 2025, 11:59 p.m. ET.
- Applicants are unable to submit funding request forms outside of a filing window period.
  - Draft FCC Forms 466 may be created in RHC Connect beginning November 1 but cannot be submitted before the filing window opens.
- USAC suggests that applicants submit the funding requests as early as possible during the filing window.
- The FCC Form 462 must be submitted by the close of a filing window to be considered for funding.

# Information Requests

- Forms with missing or incomplete information or documentation cannot be processed.
- If USAC requires information that cannot be located on the submitted supporting documentation, this will result in an Information Request.
- All account holders will receive all Information Requests.
- Applicants are given 14 calendar days to provide a response to the Information Request.
  - 11:59 p.m. ET on the 14<sup>th</sup> day would be the last time to respond to the Information Request.
  - Requests for extensions must be received prior to the 14-day deadline.
- Information Requests not responded to within 14 calendar days **will result in a denial** of that form.

# Submission Checklist

- Document(s) confirming the monthly cost for your services (e.g., a copy of your bill dated within the requested funding period) or the most currently available bill as the filing window closes before the funding year opens
- A copy of all bids that were received for your request for services including the winning bid, all bids that were rejected and any bids that were disqualified and why
- A list of the bid evaluation criteria and copy of the bidding evaluation matrix
- A list of people who evaluated bids including title, role, and their relationship to the applicant
- Internal documents related to the selection of the service provider (upon request)
- Copies of any correspondence with service providers prior to and during the competitive bidding process (upon request)
- A copy of any new contract signed for your services
- Award letter to winning vendor (upon request)
- Contact information for the service provider and all responsible account holders
- The start and end location of your services.
- Viable source letter for consortia applicants (35 percent contribution)

**\* Any information that cannot be located on the submitted supporting documentation will result in an Information Request**

# Evergreen Contracts

- An **evergreen contract** is a multi-year contract between an HCP and a service provider that has been reviewed by USAC in a prior funding year request and endorsed as evergreen, which allows an applicant to bypass competitive bidding for the life of the contract.
- Applicants who will be exercising voluntary extensions for an approved evergreen contract should list the remaining expense periods as one expense and the length of the extension as another expense.
  - Voluntary extensions must be memorialized in the contract and must have been included in the original evergreen endorsement.
  - The decision to extend the contract must have been made before a funding request is filed.
  - Voluntary extensions cannot exceed five years in aggregate.

## Evergreen Contracts (continued)

- Applicants will be notified of an evergreen determination on their **Funding Commitment Letter (FCL)**. To be considered evergreen, the multi-year contract must meet the following criteria:
  - Both parties are identified,
  - Contract is signed and dated by the HCP or consortium leader,
  - Contract specifies the bandwidth, type, quantity, and terms of service,
  - Contract has a specific duration,
  - Contract specifies the cost of services to be provided,
  - Contract includes the physical addresses or other identifying information of the HCP sites purchasing from the contract; and
  - Contract must be entered into as a result of competitive bidding.

# Submission Tips

- Use the information on the original documentation (bill, contract, or service order) to enter the data into the FCC Form 462 and upload that document into RHC Connect with your submission.
- Remember you must also submit:
  - **Copies of all bids received** including winning, losing and disqualified,
  - **List of the people who evaluated the bids** with their names and titles,
  - **Evaluation documents** including the scores received by bidders based on the weighted criteria posted in the FCC Form 461; and
  - **Award letter** to the winning vendor (if applicable).
- Per program rules, you must have all supporting documents on hand at the time of submission and they must be uploaded when you submit your forms.

## Submission Tips (continued)

- It is helpful to submit a cover letter that includes a summary of your submission.
- Recommended things to include in your cover letter:
  - Where to find information about your circuit in the supporting documentation (i.e., Ethernet 20M - \$XX.XX – Page 5 of Invoice).
  - Highlight/label any documentation that is submitted.
- Information that isn't clearly identified via supporting documentation must be confirmed by the service provider.
  - It is the HCP's responsibility to reach out to the service provider to get any missing information.
  - USAC cannot reach out to the service provider on an HCP's behalf.

## FCC Report and Order 19-78

On August 20, 2019, the Federal Communications Commission (FCC) released a Report and Order reforming the Rural Health Care (RHC) Program to promote transparency and predictability, and to further the efficient allocation of limited program resources while guarding against waste, fraud, and abuse. The Report and Order was published in the Federal Register on October 11, 2019 and effective on November 12, 2019. Read the Report and Order [here](#).

While the Report and Order includes a number of changes to the RHC Program, the overall structure of the Program will remain the same. As before, the RHC Program will still have two sub-programs: the Healthcare Connect Fund (HCF) Program and the Telecom Program. Further, applicants will still be required to seek eligibility, submit requests for funding, requests for services, and invoicing forms.

## FCC Report and Order 19-78 (continued)

- **Consortia Majority Rural Rule (HCF Only)** – Every consortium participating in the HCF Program must consist of more than 50 percent eligible rural sites.
- **Consultant Registration** – USAC will issue a unique registration number to the consultant or outside expert and that number will be linked to the HCP's organization.

# Reminder: FCC Report and Order 19-78 (continued)

- **SPIN CHANGES** - SPIN changes must be requested by the service delivery deadline.
  - A corrective SPIN change is made when the SPIN associated with a Funding Request Number (FRN) is not correct. This occurs when:
    - The applicant or USAC made a data entry error,
    - SPIN has changed due to the merger of companies or the acquisition of one company by another; or
    - The applicant has not initiated the change (e.g., where the service provider declares bankruptcy).
  - An operational SPIN change is a request to change the actual service provider associated with an FRN.
    - The change in service providers is the result of a deliberate decision by the applicant.
    - The applicant has a legitimate reason to change providers (e.g., breach of contract or the service provider is unable to perform).
- **Site and Service Substitutions** – HCPs in both the HCF and Telecom program are required to submit site and service substitutions by the service delivery deadline.

# FCC Order DA 24-1059 – Hurricane Milton Order

On October 9, 2024, the FCC released order [DA 24-1059](#) waiving the following Rural Health Care Program (RHC) rules for participants and service providers located in areas affected by Hurricane Milton within the state of Florida:

- Waives the 60-day deadlines for requests for review or waiver of decisions by USAC or the FCC and provides an additional 60 days to file appeals and waivers. This waiver is in effect for all deadlines of appeals and waiver requests from October 5, 2024, through March 8, 2025.
- Waives the 14-day deadline for applicants in the affected areas to respond to Information Requests from USAC related to funding requests, appeals and waivers, invoices, audits, and other documentation submitted by program participants. This waiver will apply to all Information Requests issued on or after October 5, 2024, regardless of the related funding year. The new deadline for responding to Information requests is March 8, 2025.
- Due to possible lost records, the FCC waives the rule that applicants and service providers must retain all documents for at least five years after the last day of the supported services in a given funding year. If lost records are later requested by USAC or the FCC, program participants will not be penalized, but applicants and service providers will be held responsible for obtaining such records, where available, from a third party. Program participants that are affected also must certify that the records were destroyed in the hurricane. Current rules apply to all records that were not destroyed.
- Waives the invoice filing deadline for FY2023 funding requests and granted the automatic 120-day extension. Thus, for single-year funding commitments that previously had a deadline of October 28, 2024, the new deadline will be February 25, 2025.

# FCC Order DA 24-1025 – Hurricane Helene Order

On October 1, 2024, the FCC released order [DA 24-1025](#) waiving the following Rural Health Care Program rules for participants and service providers located in areas affected by Hurricane Helene within the states of Alabama, Florida, Georgia, North Carolina, South Carolina, Tennessee, and Virginia:

- Waives the 60-day deadlines for requests for review or waiver of decisions by USAC or the FCC and provides an additional 60 days to file appeals and waivers. This waiver is in effect for all deadlines of appeals and waiver requests from September 23, 2024, through February 28, 2025.
- Waives the 14-day deadline for applicants in the affected areas to respond to Information Requests from USAC related to funding requests, appeals and waivers, invoices, audits, and other documentation submitted by program participants. This waiver will apply to all Information Requests issued on or after September 23, 2024, regardless of the related funding year. The new deadline for responding to Information requests is February 28, 2025.
- Waives the September 30, 2024, deadline for the affected HCF participants to file their annual reports for FY2023. Affected program participants have until February 28, 2025, to file annual reports for FY2023.
- Due to possible lost records, the FCC waives the rule that applicants and service providers must retain all documents for at least five years after the last day of the supported services in a given funding year. If lost records are later requested by USAC or the FCC, program participants will not be penalized, but applicants and service providers will be held responsible for obtaining such records, where available, from a third party. Program participants that are affected also must certify that the records were destroyed in the hurricane. Current rules apply to all records that were not destroyed.
- Waives the invoice filing deadline for FY2023 funding requests and granted the automatic 120-day extension. Thus, for single-year funding commitments that previously had a deadline of October 28, 2024, the new deadline will be February 25, 2025.

# Supply Chain Order

- As a reminder, when service providers login to [My Portal](#) they will see two new supply chain certifications included in the FCC Form 463 and Telecom program invoice.
- The first certification affirms compliance with the [Section 54.9](#) prohibition on USF for specified transactions with companies deemed to pose a national security threat. The second certification affirms compliance with [Section 54.10](#), which prohibits the use of any Federal subsidies on any communications equipment and services on the [Covered List](#).
- **FY2024 Applicants:** If you requested services or equipment provided or that contain components of products produced by any of the listed covered companies or any of their parents, affiliates and subsidiaries, you cannot invoice for these funds. Instead, you should immediately request a [service substitution](#).
- **FY2025 Applicants:** As you proceed with competitive bidding, please ensure you are not requesting funding for services or equipment from listed covered companies or any of their parents, affiliates and subsidiaries.

# Individual vs. Consortia Applications

- A consortium is two or more HCPs that choose to request support on a single application.
- In a consortium, a funding request for multiple HCPs may be listed under one FCC Form 462.
- In an individual application, a funding request is submitted for each approved HCP circuit location.
  - The circuit location on the supporting documentation should match the approved location found on the FCC Form 460.

## Competitive Bidding

Is the HCP requesting that this application be exempt from competitive bidding?

Yes

No

**Explanations**

If your site meets one of the competitive bidding exemptions below, you are not required to submit the FCC Form 461 and go through the competitive bidding process. You are exempt from competitive bidding if any of the following apply:

- 1. Government Master Service Agreement (MSA):** You are seeking support for services and equipment purchased from master service agreements (MSAs) negotiated by a federal, state, Tribal, or local governmental entity on the applicant's behalf, and awarded pursuant to applicable federal, state, Tribal, or local competitive bidding requirements.
- 2. Master Service Agreements (MSA) Approved Under the Rural Health Care Pilot Program or HCF Program:** You are opting into an existing MSA approved under the Rural Health Care Pilot program or the HCF program and seeking support for services and equipment purchased from the MSA, as long as the MSA was developed and negotiated in response to an RFP or request for services that specifically solicited proposals that included a mechanism for adding additional sites to the MSA.
- 3. Evergreen Contract:** You have an existing contract already endorsed by USAC as evergreen.
- 4. Schools and Libraries Program Master Contracts:** You are an eligible HCP in a consortium with participants in the Schools and Libraries (E-rate) program and are purchasing services and/or network equipment under a contract approved under the E-rate program as a master contract.
- 5. Annual Undiscounted Cost of \$10,000 or Less:** If you are seeking support for \$10,000 or less of total undiscounted eligible expenses for a single year you may bypass the competitive bidding process.
  - For consortia applicants, this exemption is \$10,000 for all funding requests submitted for the consortium.
  - Note: If you select this option on your FCC Form 462, you will not be able to request a multi-year funding commitment.

# Competitive Bidding Exemptions

- Purchasing services from a government master service agreement (MSA) negotiated by a federal, state, Tribal, or local governmental entity which was awarded pursuant to applicable competitive bidding requirements;
- Requesting support using contracts previously approved by USAC (MSA under the RHC Pilot Program or the HCF Program);
- Using an active multi-year contract designated as “evergreen” for the RHC program (exemption applies for the life of the contract); or is
- Using a contract approved under the E-rate program.

# Competitive Bidding Exemptions (continued)

- HCF applicants seeking support for \$10,000 or less of total undiscounted eligible expenses for a single year do not have to complete an FCC Form 461.
  - For consortia applicants, this exemption is \$10,000 for all funding requests submitted for the consortium.
  - Applicants selecting this option cannot also request multi-year funding commitments.
  - Exemption does not apply to the Telecom Program.

# FCC Form 462 Submitted Without a Contract

- If a bill is uploaded without a contract, the reviewer will treat the form as a month-to-month funding request and confirm that the applicant is compliant with the competitive bidding rules.
- Only forms submitted with contracts are eligible for multi-year funding.
  - Forms submitted as month-to-month are eligible for up to one funding year of support.
- Applicants will need to competitively bid services each year if they do not submit a contract with their FCC Form 462.
- When submitting a funding request as month-to-month (without a contract), check the **month-to-month** box.

# Expense Items – Contract Status

- For consortia applicants, select a member site from drop-down menu.
- Select **No** for submission without contract (month-to-month).

The screenshot displays a web application interface for 'Expense Items'. At the top, a navigation bar includes links for 'Start Page', 'Competitive Bidding', 'Service Provider Information', 'Expense Items' (the active page), 'Additional Documentation', 'Confidentiality', and 'Cer'. Below the navigation bar, the page title is 'Expense Items'. Underneath, it indicates 'Expense Item 1 of 1' with 'Total Eligible Undiscounted Cost \$0.00' and 'Maximum Support Amount \$0.00'. A sidebar on the left contains a 'Contract Status' section with a green arrow icon and a list of options: 'Expense Information', 'Expense Type', 'Bandwidth', 'Service Level Agreement', 'Circuit Information', 'Financial Information', and 'HCP Contribution Source'. The main content area features a red-bordered box around the 'Expense Item Site' dropdown menu, which currently shows '---Select---'. Below this, there is a question: 'Does the HCP have a Contract with the Service Provider?' with a help icon. Two radio button options are provided: 'Yes' and 'No (process this item as month-to-month)'. The 'No' option is selected, indicated by a blue dot. A red arrow points from the 'Contract Status' sidebar to the 'No' radio button. At the bottom of the form, there is a summary: 'Sum of All Expense Item Total Eligible Undiscounted Cost: \$0.00' and 'Sum of All Expense Item Maximum Support Amount: \$0.00'. Two buttons, 'BACK' and 'EXIT', are located at the bottom left.

# FCC Form 462 Submitted With a Contract

- To have a contract reviewed for evergreen status, click the **Select a Contract** button on the Expense Items Tab.
  - This will generate a contract ID that USAC uses for the evergreen review process.
- Contracts uploaded using the **Other Documentation** button will not be reviewed for evergreen status.
- Notification of evergreen status is reflected in the FCL.

# Expense Items – Contract Status (continued)

- Select **Yes** for submission with contract.
- Select an existing contract or upload a new contract.
- Enter information about the contract.

### Certifications

- I certify under penalty of perjury that I am authorized to submit this request on behalf of the applicant or consortium.
- I certify under penalty of perjury that I have examined this request and all attachments and to the best of my knowledge, information, and belief, all statements of fact contained therein are true.
- I certify under penalty of perjury that the applicant or consortium has considered all bids received and selected the most cost-effective method of providing the requested services. "Cost-effective" is defined as the "method that costs the least after consideration of the features, quality of transmission, reliability, and other factors that the applicant deems relevant to choosing a method of providing the required health care services." 47 CFR § 54.622(c).
- I certify under penalty of perjury that all RHC Program support will be used only for eligible health care purposes.
- I certify under penalty of perjury that the applicant or consortium is not requesting support for the same service from both the Telecommunications Program and the Healthcare Connect Fund Program.
- I certify under penalty of perjury that the applicant or consortium satisfies all of the requirements under Section 254 of the Act and applicable Commission rules, and understand that any letter from the Administrator that erroneously commits funds for the benefit of the applicant may be subject to rescission.
- I certify under penalty of perjury that I have reviewed all applicable rules and requirements for the RHC Program and complied with those rules and requirements.
- I understand that all documentation associated with this application, including all bids, contracts, scoring matrices, and other information associated with the competitive bidding process, all billing records for services received and any other documentation demonstrating compliance with the rules must be retained for a period of at least five years after the last date of service delivered in a particular funding year pursuant to 47 CFR §§ 54.631 or as otherwise prescribed by the Commission's rules.
- I certify under penalty of perjury that the applicant or consortium and/or its consultant, if applicable, has not solicited or accepted a gift or any other thing of value from a service provider participating in or seeking to participate in the RHC Program.
- I certify under penalty of perjury that any consultants or third parties associated with this request or RFP do not have an ownership interest, sales commission arrangement, or other financial stake in the vendor chosen to provide the requested services, and that they have otherwise complied with RHC Program rules, including the Commission's rules requiring fair and open competitive bidding.

# After Submitting

- You will receive an email letting you know that your form has been received.
  - If you do not receive an email, please go back into RHC Connect and be sure that you signed and submitted the form.
- A reviewer will reach out if additional information is needed.
- No funding decisions will be issued until after the close of the filing window period.
- Once your funding request has been approved, you will receive a funding commitment letter (FCL) that will include all corresponding information to your funding request including evergreen contract endorsement.

# Information Requests

- Forms with missing or incomplete information cannot be processed.
- If an Information Request is sent, it will come from rhcadmin@usac.org.
  - Respond to the Information Request in RHC Connect.
  - Email notifications sent from RHC Connect are from an unattended mailbox.
  - Use the [Information Request tip sheet](#) on the USAC website as a resource.

# Best Practices – Off-Site Data Centers and Administrative Offices (47 CFR §54.615)

- **Provide the end location for all expense items** associated with off-site data centers and administrative offices as these entity types are only eligible for funding based on the following eligible connections:
  - Eligible HCP and off-site data center or off-site administrative office
  - Two off-site data centers
  - Two off-site administrative offices
  - Off-site data center and off-site administrative office
  - Off-site data center or off-site administrative office and the public internet or another network
- Be sure to keep the FCC Form 460 for the data center or administrative offices **updated with all sites** that are using that data center or administrative office (FCC Form 460 Block 1, Line 2 A & B).
- You will select one of three choices for the other end of the circuit:
  - Location is a member site
  - Location is a service provider
  - Location is not a member site or service provider

# Expense Items – Circuit Information – Data Centers and Administrative Offices

# Reminder - Funding Caps & Funding Limitations

- **\$10,000 Exemption** (47 CFR § 54.622(i)(5) Competitive bidding requirement and exemptions)
  - Applicants do not have to go through the competitive bidding process if they are requesting \$10,000 or less in undiscounted costs in aggregate for one funding year.
  - For consortium applicants, this exemption is for requested funding for the entire consortium.
- **Submitting an FCC Form 461 without an RFP** (47 CFR §54.622(e)(5)(i) Competitive bidding requirement and exemptions)
  - Consortia applicants who submit an FCC Form 461 without an RFP are limited to \$100,000 per funding year (or over funding years if seeking a multi-year commitment) in program support.

## Reminder - Funding Caps & Funding Limitations (continued)

- **Large non-rural hospitals** (47 CFR § 54.607(c) Eligible recipients)
  - Eligible non-rural hospitals with 400 or more licensed patient beds may receive no more than \$30,000 per year in HCF support for eligible recurring charges and no more than \$70,000 in HCF support for eligible nonrecurring charges every five years.
- **Upfront Costs** (47 CFR § 54.616 Upfront payments)
  - Only consortium applicants are eligible for this expense type.
  - Upfront expenses include all non-recurring charges for services, equipment or facilities, other than reasonable and customary installation charges of up to \$5,000.
  - If a consortium makes a request for support for upfront payments that exceeds, on average, \$50,000 per eligible site in the consortium, support must be pro-rated over at least three years and the upfront cost must be part of a multi-year contract.
  - Supported services with associated bandwidth speeds <1.5 Mbps are ineligible for funding.

# Best Practices – Equipment (47 CFR § 54.613 Eligible Equipment)

- “(a) Both individual and consortium applicants may receive support for network equipment necessary to make functional an eligible service that is supported under the Healthcare Connect Fund.”
  - Equipment must be broken out into line items based on where the equipment will actually reside and must correspond to an FRN with a supported circuit.
  - A **network diagram** helps confirm where the equipment is located both at the HCP location and where the service is handed off from the service provider.
  - You must **provide the FRN with the corresponding broadband circuit**. If we cannot confirm that there is a corresponding circuit funded under HCF, we cannot approve funding for the equipment.

# Best Practices – Equipment (continued)

- Components of a piece of equipment should be broken out by part on the invoice or contract so that we can determine if any ineligible components are part of the bundle.
  - Example: Funding would not be approved for a power cord by itself if the router is ineligible.
- Clearly identify on the documentation what constitutes an “item” e.g., router, switch, etc. and list the quantity in this section of the FCC Form 462.

## Best Practices – Equipment (continued)

- Use a separate line for a service contract or warranty such as “SmartNet” that accompanies a particular piece of equipment and clearly identify it on the corresponding documentation.
- Please use the drop-down menu selections to describe the equipment as accurately as possible, e.g., warranty, router (HCP owned), switch (HCP owned), firewall (HCP owned), etc.

## Best Practices – Equipment for Consortia (47 CFR § 54.613 Eligible Equipment)

- “(b) Consortium applicants may also receive support for network equipment necessary to manage, control, or maintain an eligible service or a dedicated health care broadband network. Support for network equipment is not available for networks that are not dedicated to health care.”
  - A **network diagram** helps confirm where the equipment is situated on the network.
  - Equipment must be **broken out into line items** based on where the equipment will actually reside.
  - Since this type of equipment is only eligible for consortia applicants, all members participating on the network should be **registered with an FCC Form 460** and the circuits that this equipment manages should be **filed as a consortium** and not as an individual applicant.
  - **Do not bundle multiple units** on one line item; please clearly identify on the documentation what constitutes an “item” and list the quantity in the FCC Form 462.
  - Please **use the drop-down menu** selections to describe the equipment as accurately as possible.
  - For these types of expenses, the applicant **must clearly demonstrate that the requested equipment performs the function** explicit in the rule, e.g., that it manages, controls or maintains a supported network.
  - Provide an **estimated** purchase date of the equipment (may differ from 7/1/2025).

## Best Practices – Networks (Primarily Consortium Applicants)

- All sites participating on the network should be **registered through an FCC Form 460**.
- The documentation submitted must be associated with the HCP listed on the NCW of the FCC Form 462.
- You must clearly demonstrate through supporting documentation that the **expense listed is for the benefit of the HCP** on the line item.
- It is your responsibility to provide **clear narratives, network diagrams, and documentation** to adequately describe the network.
- Network diagrams are helpful in providing a snapshot of the network; documentation such as **contracts, invoices, and/or service orders** must confirm the diagram.
- **All supporting documentation must come from the service provider.**

## Best Practices: Communicating with Your Service Provider

- Ensure your service provider is aware of all the necessary documentation needed for future steps in the application process.
- Communicate with your service provider when you reply to Information Requests.
- HCPs and service providers are required to retain documentation for a period of at least five years.
